*Hoosiers and the American Story* Madison, James H., Sandweiss, Lee Ann, 2014-10 A supplemental textbook for middle and high school students Hoosiers and the American Story provides intimate views of individuals and places in Indiana set within themes from American history During the frontier days when Americans battled with and exiled native peoples from the East Indiana was on the leading edge of America's westward expansion As waves of immigrants swept across the Appalachians and eastern waterways Indiana became established as both a crossroads and as a vital part of Middle America Indiana's stories illuminate the history of American agriculture wars industrialization ethnic conflicts technological improvements political battles transportation networks economic shifts social welfare initiatives and more In so doing they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history At the same time the stories shed light on what it means to be a Hoosier today and in the past *Race and the American Story* Stephanie Shonekan, Adam Seagrave, 2024 I didn't know I was Black until I came to the United States The journey to my personal understanding of Blackness has been long and rife with pain and passion excitement and exasperation The fact that the facets of my identity seem to stretch across the Diaspora Equatorial Guinea Nigeria Trinidad and Tobago and the United States means that this journey has not been straightforward It has been treacherous with many frustrating moments when I was not sure how much lower my self esteem could go But it has also been exceedingly rewarding as I stumbled upon new paths to convert each disappointment into an opportunity to grow and become more confident in who I was Sometimes that has meant becoming overzealous in my own self affirmation the tone of my voice taking on a sharper edge as I explained to others why pride in Blackness was a requisite characteristic of any kind of Black progress But I justify that stridence by thinking of the dearth of encouragement from sources that are not bothered by the profundity of Blackness including the educational system popular culture and mainstream media The bitterness that comes with the construction of race as a state of being and the making of racism as a behavior and attitude can be tasted potently in the New World It takes a fundamental encounter with whiteness for one to truly appreciate the meaning of Blackness However a picture of tribalism and ethnic tensions is vividly displayed in the midst of Blackness in the heart of Africa So my story has been a two pronged journey through tribalism and racism *To Illuminate the American Story for All* United States.
