Mondal, 2022-01-10 Using the historical and comparative approaches of study this book traces the roots of the Arab Israel conflict in general and the Palestine Israel conflict in particular as well as Canada s role in the thorny issue of the conflict and peace processes through multilateral fora and institutions It shows that the Canadian perception and policy while uniquely Canadian have operated within the broader Anglo American framework of support for a Jewish homeland and the two state theory The book argues that three significant factors have impacted Canada s outlook and actions Firstly Canada s perception and policy towards the Arab Israel conflict have been shaped by religio cultural and historical factors rather than by its acclaimed Liberal Internationalism Second growing economic and commercial interests after the 1973 Arab Israel War and its perceived national interest made it adopt a more nuanced and balanced approach towards the conflict Finally it argues that the elite perception the initiatives by Lester Pearson and the presence of an active Jewish community have had a significant influence on Canadian perception towards the Arab Israel conflict **Arabs And Jews In Israel** Sammy Smooha, 1989-04-13 **The Origins of the Second Arab-Israel War** Michael B. Oren, 2013-10-11 This book represents the first scholarly examination of the origins of the 1956 Sinai campaign between Egypt and Israel Utilising a wide range of primary sources the study analyses the reasons for the breakdown of the Armistice Agreement between Egypt and Israel and the failure of efforts to mediate a peace accord The Arab-Israeli Conflict Gregory S. **Israeli Elite Perceptions** Daniel Heradstveit,1974 **The A to Z of the Arab-Israeli Conflict** P R

Kumaraswamy,2009-07-24 For over a century the conflict between the Arabs and Jews has remained the most intractable problem confronting the world Hardly a day passes that the Arab Israeli Conflict is not headlined in the media It has turned the Arabs and Israelis against one another and embittered relations within the two communities while drawing the rest of the world into the circle of disruption The A to Z of the Arab Israeli Conflict provides factual background through an introductory essay a chronology a bibliography and hundreds of cross referenced dictionary entries on the more significant persons places and events including the various wars and negotiations The history religion culture and archeology that this rivalry has sparked between the Arabs and Israelis over the same piece of territory is traced in this book which offers the essential details using neutral terms and thereby allowing readers to draw conclusions for themselves *The Arabs and the*

*Holocaust* Gilbert Achcar,2010-04-13 An unprecedented and judicious examination of what the Holocaust means and doesn't mean in the Arab world one of the most explosive subjects of our time There is no more inflammatory topic than the Arabs and the Holocaust the phrase alone can occasion outrage The terrain is dense with ugly claims and counterclaims one side is charged with Holocaust denial the other with exploiting a tragedy while denying the tragedies of others In this pathbreaking book political scientist Gilbert Achcar explores these conflicting narratives and considers their role in today's Middle East dispute He analyzes the various Arab responses to Nazism from the earliest intimations of the genocide through the creation of Israel and the destruction of Palestine and up to our own time critically assessing the political and historical context for these responses Finally he challenges distortions of the historical record while making no concessions to anti-Semitism or Holocaust denial Valid criticism of the other Achcar insists must go hand in hand with criticism of oneself Drawing on previously unseen sources in multiple languages Achcar offers a unique mapping of the Arab world in the process defusing an international propaganda war that has become a major stumbling block in the path of Arab Western understanding

*The Decline of the Arab-Israeli Conflict* Avraham Sela,1998-01-01 Addresses the inter Arab dimension of Middle East politics and its impact on the Palestinian conflict *The Arabs in Palestine* Clermont-Ganneau,1875 **The Arab-Israeli Conflict Transformed** Hemda Ben-Yehuda,Shmuel Sandler,2002-04-04 Makes the perhaps surprising argument that in the

last quarter of the twentieth century the Arab Israeli conflict has been winding down Cultures in Conflict--The Arab-Israeli Conflict Calvin Goldscheider, 2002 Includes statistics **From Slumber to Awakening** Mishael M. Caspi, Jerome David Weltsch, 1998-10 From Slumber to Awakening argues that when investigating the cultural and historical predicament of segments of any society a close examination of the literal expression of the people is necessary to understand their human condition better To accomplish this the individual psyches of authors and poets must be delved into and in this case was accessed through personal interviews This study approaches the unique social position of the Arab Israelis through an exploration of culture and history The examination of the literature itself begins with Israeli literature from the broad perspectives of both the prose and poetry forms and then moving into the literature and literati themselves one by one exploring the lives of the writers while superimposing their human experiences with the expressions and stories of their creative works This examination along with the interviews defines the Arab Israeli minority as a group while also comparing them to Jewish Israeli writers who are close to the Arab Israeli situation *Arab-Israeli Diplomacy under Carter* Jørgen Jensehaugen, 2018-06-07 The history of U S diplomacy in the Middle East is marked by numerous stark failures and a few ephemeral successes Jimmy Carter s short lived Middle East diplomatic strategy constitutes an exception in vision and approach In this extensive and long overdue analysis of Carter s Middle East policy Jørgen Jensehaugen sheds light on this important and unprecedented chapter in U S regional diplomacy Against all odds including the rise of Menachem Begin s right wing government in Israel Carter broke new ground by demanding the involvement of the Palestinians in Arab Israeli diplomatic negotiations This book assesses the president s comprehensive peace doctrine which aimed to encompass all parties of the conflict and reveals the reasons why his vision ultimately failed Largely based on analysis of newly declassified diplomatic files and American British Palestinian and Israeli archival sources this book is the first comprehensive examination of Jimmy Carter s engagement with the Palestinian Israeli conflict At a time when U S involvement in the region threatens to exacerbate tensions further Arab Israeli Diplomacy under Carter provides important new insights into the historical roots of the ongoing unrest The book will be of value to Middle East and International Relations scholars and those researching U S diplomacy and the Carter Administration **The Making of the Arab-Israeli Conflict, 1947-51** Ilan Pappé, 1992 The Arab-Israeli Impasse Majdia D. Khadduri, 1968 **The Arab-Israeli Dilemma** Fred John Khouri, 1968 Contains primary source material A History of the Arab-Israeli Conflict Ian J. Bickerton, Carla L. Klausner, 2022-07-05 Comprehensive and analytical A History of the Arab Israeli Conflict presents a balanced and impartial overview of this centuries old struggle Taking a clear and chronological approach to this complex subject and placing events in the context of their longer term histories Ian J Bickerton and Carla L Klausner examine the issues and themes that have characterized and defined the conflict over the course of its history bringing the coverage up to date with a twenty first century perspective Starting in the nineteenth century the book moves through the British Mandate World War II and the proclamation of the

state of Israel the widening and deepening conflict and attempts at a peace process the impacts of 9 11 and the Arab Spring and finally it discusses events to the end of 2021 In a completely revised Conclusion the authors examine how we interpret many of the startling rapidly changing and somewhat unpredictable events of the last five years Illustrated throughout with numerous photographs updated maps tables and chronologies for each chapter together with extensive relevant and up to date documentary sources further reading and a glossary of key terms it is the ideal textbook for all students of the history of the modern Middle East
