Apocalypse TV Michael G. Cornelius, Sherry Ginn, 2020-03-27 The end of the world may be upon us but it certainly is taking its sweet time playing out The walkers on The Walking Dead have been walking for nearly a decade There are now dozens of apocalyptic television shows and we use the end times to describe everything from domestic politics and international conflict to the weather and our views of the future This collection of new essays asks what it means to live in a world inundated with representations of the apocalypse Focusing on such series as The Walking Dead The Strain Battlestar Galactica Doomsday Preppers Westworld The Handmaid's Tale they explore how the serialization of the end of the world allows for a closer examination of the disintegration of humanity while it happens Do these shows prepare us for what is to come Do they spur us to action Might they even be causing the apocalypse

Race, Gender, and Sexuality in Post-Apocalyptic TV and Film Barbara Gurr, 2015-10-07 This book offers analyses of the roles of race gender and sexuality in the post apocalyptic visions of early twenty first century film and television shows Contributors examine the production reproduction and re imagination of some of our most deeply held human ideals through sociological anthropological historical and feminist approaches

Gender in Post-9/11 American Apocalyptic TV Eve Bennett, 2019-01-10 In the years following 9 11 American TV developed a preoccupation with apocalypse Science fiction and fantasy shows ranging from Firefly to Heroes from the rebooted Battlestar Galactica to Lost envisaged scenarios in which world changing disasters were either threatened or actually took place During the same period numerous commentators observed that the American media's representation of gender had undergone a marked regression possibly it was suggested as a consequence of the 9 11 attacks and the feelings of weakness and insecurity they engendered in the nation's men Eve Bennett investigates whether the same impulse to return to traditional images of masculinity and femininity can be found in the contemporary cycle of apocalyptic series programmes which like 9 11 itself present plenty of opportunity for narratives of damsels in distress and heroic male rescuers However as this book shows whether such narratives play out in the expected manner is another matter
