# The Philocalia Of Origen

**Origen, Saint Basil (Bishop of  
Caesarea)**

## **The Philocalia Of Origen:**

**The Philocalia of Origen** Origen,1999-01-01 This Elibron Classics title is a reprint of the original edition published by the University Press in Cambridge 1893    **The Philocalia of Origen** ,2025-10-02 The Philocalia of Origen is a collection of texts excerpted from the third century church father Origen's numerous works. It was created sometime in the fourth century perhaps by Basil of Caesarea and Gregory of Nazianzus. It is of special interest to scholars of Origen because it contains several excerpts from works that are no longer extant or from works that are no longer extant in the Greek language in which he wrote them but only in Latin translations done in the fourth century or later. The Philocalia should also be of interest to beginners in the study of Origen because it consists of rather short excerpts from a wide range of his writings homilies, commentaries, a theological treatise, apologetics, which cover some of the most important subjects he discussed. Many of the annotations in the work have been made especially for those unacquainted with Origen's writings. This Reader's Edition based on the Greek text of J A Robinson is the first new English translation of The Philocalia of Origen in a century.

**The Philocalia of Origen** Origen,George Lewis,2020-05-29 These collected writings of Origen bring together the early Christian theologian s finest thoughts his analyses of the Bible his philosophical ideas and his arguments against Pagan scholars opposed to Christianity Noted for his prolific output totaling some 6 000 distinct works Origen s voracious study of pertinent texts was coupled with a sharp insight into the extant lore From a Biblical perspective Origen s Hexapla a study of five distinct translations of the Old Testament is a groundbreaking work of Bible study and scriptural analysis Origen was more than capable of sparring with philosophers who were opposed to Christianity on various grounds some of these debates became valuable documents in themselves Carefully selected so as to provide the reader with an accurate summation of Origen s most celebrated surviving writings this book and its analyses are thorough covering the most significant themes explored More than 700 notes and scripture references are included that the reader may follow the lines of reasoning importantly for his era Origen ventured that many key passages of the Bible were allegorical Others he cited as supportive of Christian pacifism which was a popular concept among early Christian groups     **The Philocalia of Origen** Origène,1893

**The Philocalia of Origen** Origen,Gregory,Saint Basil,2017-08-19 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant     **The Philocalia of Origen** George Lewis,2015-07-20 Excerpt from The Philocalia of Origen A Compilation of Selected Passages From Origen s Works Made by St Gregory of Nazianzus and St Basil of Caesarea The translation here undertaken is by kind permission from the Revised d104 Cambridge University Press 1893 of Dr Armitage Robinson then Norrisian Professor of Divinity subsequently Dean of Westminster now Dean of Wells who thus

describes the original The Philocalia of Origen is a compilation of selected passages from Origen's works made by St. Gregory and Basil. The wholesale destruction of his writings which followed upon the warfare waged against his opinions shortly after his death has caused a special value to attach to the Philocalia as preserving to us in the original much of Origen's work which would otherwise have been entirely lost or would have survived only in the translations of Rufinus. Moreover even his great and comparatively popular work against Celsus depends for its text solely on a manuscript of the thirteen century so that we have a cause for gratitude in the preservation of a large part of it in the Philocalia. But apart from its textual importance this collection deserves attention as forming an excellent introduction to the study of Origen. Much of his best thought is here presented to us arranged under various important heads and we are guided to the appreciation of his theological standpoint by two of the strongest intellects of the century after his own Bishop Westcott's account of the great teacher of Alexandria of him whose proper name is said to mean the Son of light and whose labours earned for him the title of Adamantine may perhaps be of service to the reader. The fortunes of Origen during his lifetime aptly prefigured the fate of his writings. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com). This book is a reproduction of an important historical work. Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy. In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition. We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works.

**The Philocalia** Origen of Alexandria, George Lewis, 2024-11-07

The Philocalia by Origen of Alexandria is a profound compilation of theological and exegetical insights from one of the most influential early Christian scholars. Compiled by Basil the Great and Gregory of Nazianzus in the 4th century, this work gathers essential excerpts from Origen's extensive writings, presenting his thoughts on Scripture interpretation, theology, and the spiritual life in a concise and accessible format. Philocalia, meaning 'love of the beautiful', reflects Origen's belief that the pursuit of truth and divine wisdom is an act of spiritual beauty. This collection covers a range of topics essential to early Christian thought, including the relationship between faith and reason, the nature of God, the interpretation of difficult scriptural passages, and the practice of spiritual discipline. Origen's emphasis on allegorical and mystical readings of Scripture offers a unique window into how early Christian thinkers engaged with sacred texts, seeking deeper spiritual meaning beyond the literal words. The text also addresses central theological questions such as the problem of evil, the purpose of suffering, and humanity's role in the divine plan. Origen's innovative ideas, many of which were later debated or contested, reveal his bold attempt to reconcile Greek philosophy with Christian doctrine, providing valuable insight into the intellectual currents shaping early Christianity. The Philocalia is a treasure for those interested in patristics, theology, and the history of biblical exegesis. Through the efforts of Basil and Gregory, this work preserves the essence of Origen's thought, allowing readers to

explore the intellectual and spiritual depth of a towering figure in early Christianity. Whether as a tool for study or personal reflection, *The Philocalia* invites believers to seek the beauty of divine truth and wisdom through a deeper engagement with Scripture and the life of the mind.

Eventually, you will completely discover a supplementary experience and achievement by spending more cash. yet when? attain you agree to that you require to acquire those every needs gone having significantly cash?
