*Consciousness and Being* Robert C. Trundle, 2019-02-14 This book is of vital interest to anyone who yearns to know how science theology ethics art and politics do really afford objective truths Not only that but how these truths in seemingly clashing areas are interrelated by common sense and rooted in our incontrovertible consciousness of Being itself Being itself as the basis for truth is defended against truth denying modern philosophers who having headed in the wrong direction with tragic costs of murderous ideologies have completely misunderstood the simple origin of truth in the realist tradition of Aristotle Aquinas Etienne Gilson and others Their profoundness is not bamboozled by the covert and corrupting sophism of today's teachings Anyone interested in surmounting these teachings that include political correctness and a false divide of fact from value which paralyze the very modern ethics that helped to create them should read this book The book reveals how ethics art and politics can be as true as the sciences that inform them     **Current Catalog** National Library of Medicine (U.S.), 1992-10     **Mahayana Buddhism** Paul Williams, 2008-07-11 Originating in India Mahayana Buddhism spread across Asia becoming the prevalent form of Buddhism in Tibet and East Asia Over the last twenty five years Western interest in Mahayana has increased considerably reflected both in the quantity of scholarly material produced and in the attraction of Westerners towards Tibetan Buddhism and Zen Paul Williams Mahayana Buddhism is widely regarded as the standard introduction to the field used internationally for teaching and research and has been translated into several European and Asian languages This new edition has been fully revised throughout in the light of the wealth of new studies and focuses on the religion's diversity and richness It includes much more material on China and Japan with appropriate reference to Nepal and for students who wish to carry their study further there is a much expanded bibliography and extensive footnotes and cross referencing Everyone studying this important tradition will find Williams book the ideal companion to their studies     Philosophy of Sex and Love Patricia Marino, 2019-03-13 Writing for non specialists and students as well as for fellow philosophers this book explores some basic issues surrounding sex and love in today's world among them consent objectification non monogamy racial stereotyping and the need to reconcile contemporary expectations about gender equality with our beliefs about how love works Author Patricia Marino argues that we cannot fully understand these issues by focusing only on individual desires and choices Instead we need to examine the social contexts within which choices are made and acquire their meanings That perspective she argues is especially needed today when the values of individualism self expression and self interest permeate our lives Marino asks how we can fit these values which govern so

many areas of contemporary life with the generosity caring and selflessness we expect in love and sex Key Features of Philosophy of Sex and Love An Opinionated Introduction Offers a contemporary problems based approach to the subject helping readers better understand and address current issues and controversial questions Includes coverage of sex and love as they intersect with topics like disability race medicine and economics Considers not only the ethical but also the broadly social and political dimensions of sex and love Includes a helpful introduction and conclusion in each chapter and is written throughout in a clear and straightforward style with examples and signposts to help guide the student and general reader A comprehensive and up to date bibliography provides a valuable tool for anyone s further research     *The Standard Periodical Directory* ,2003     **Subject Guide to Books in Print** ,1993     Brinkman's cumulatieve catalogus van boeken ,2000 Voorts een alphabetische lijst van Nederlandsche boeken in Belgi uitgegeven     **The British National Bibliography** Arthur James Wells,2003     **American Book Publishing Record** ,1998     **Preview** ,1991     *New Serial Titles* ,1999 A union list of serials commencing publication after Dec 31 1949     Bowker's Law Books and Serials in Print ,1998     *Brinkman's Cumulatieve catalogus van boeken de in Nederland en vlaanderen zijn uitgegeven of herdrukke* ,1998     **Sociological Abstracts** Leo P.
