We the Poisoned Jordan Chariton, 2024-08-06 As the ongoing Flint water crisis marks its tenth anniversary Chariton reveals shocking new evidence of the major government cover up that resulted in the poisoning of Flint and shatters what you think you know about what caused the water crisis Kirkus Reviews calls it an impassioned and enlightening work of current events and Publishers Weekly praises it as a vital report on a horrific scandal From crooked Wall Street financial schemes to political payoffs destruction of evidence witness tampering falsified water data threatened whistle blowers and panicked phone calls **We the Poisoned** Exposing the Flint Water Crisis Cover Up and the Poisoning of 100 000 Americans reveals for the first time the real story behind how the government poisoned a major American city and how they are still getting away with it As the cover up continues a decade later innocent residents have been arrested surveilled threatened and gaslit to feel like they are crazy With more and more sick residents slowly dying every year Flint's lead levels again on the rise and cancer rates surging across the city it is time for the true sinister story of the Flint water cover up to be told Based on eight years of reporting thousands of confidential documents from the criminal investigation and the former governor of Michigan's own words under oath Jordan Chariton takes readers on the road to crisis before the Flint River switch when government officials blew through all stop signs and orchestrated a financial scheme that allowed a nearly bankrupt Flint to borrow 100 million for a controversial new water system As brown smelly water flowed through Flint homes and residents grew sick politicians intentionally and knowingly allowed Americans to drink poison as they prioritized their own political ambitions and survival Just when you think the levels of callousness and disregard for the people can't drop any lower Chariton digs even deeper to expose one of the biggest government cover ups of the twenty first century **We the Poisoned** is a cautionary tale about run government like a business leaders who champion privatization and economic development at the expense of the environment public health and vulnerable citizens Perhaps even more important with water and environmental contamination surging across the US Chariton's revelations provide a road map for how to fight back and prevent similar tragedies from happening to other communities **The Poisoned Web** Anna Clarke, 1979-01-01
