

# The Politics Of Culture

**John Kincaid**

## **The Politics Of Culture:**

*Randolph Bourne and the Politics of Cultural Radicalism* Leslie J. Vaughan, 1997 Reassesses the short life and career of American essayist critic and founder of cultural radicalism Bourne 1886 1918 known today mostly for his opposition to US military involvement in Europe and warnings about the military industrial complex Vaughan political science U of Minnesota Duluth argues that his stance from outside establishment perspectives was not a retreat from politics as many have claimed but a form of political engagement free from the suppositions that impede genuine debate and democratic change Annotation copyrighted by Book News Inc Portland OR *The Politics of Culture in Turkey, Greece & Cyprus* Leonidas

Karakatsanis, Nikolaos Papadogiannis, 2019-12-12 Performing a political identity usually involves more than just casting a vote For Left wingers in Turkey Greece and Cyprus countries that emerged as the only non socialist constituents of South eastern Europe after WWII political preference meant immersion to distinct ways of life to cultures in times of dictatorship or persecution the desire to find alternative ways to express themselves gave content to these cultures In times of political normality it was the echoes of such memories of precarity and loss that took the lead This book explores the intersection between the politics and cultures of the Left since the sixties in Turkey Greece and Cyprus With the use of 12 case studies the contributors expose the moments in which the Left has been claimed and performed not only through political manifestos and traditional political boundaries but also through corporeal acts discursive practices and affective encounters These are all transformed into distinct modalities of everyday life and conduct which are commemorated narrated or sung versed painted or captured in photographic images and on reels of tape By focusing on culture and performance this book highlights the complex link between nationalism and internationalism in left wing cultures and illuminates the entanglements between the ways in which left wingers experienced transitions from dictatorship to democracy and vice versa As the first book to analyse cultures and performances of the Left in the three countries *The Politics of Culture in Turkey Greece and Cyprus* causes a rethinking of the boundaries of political practice and fosters new understandings of the formation of diverse expressions of the Left As such it will be a valuable resource for students and scholars of cultural and social anthropology modern European history and political science **The Cynical Society** Jeffrey C. Goldfarb, 1991 The Cynical Society is a study of the political despair and abdication of individual responsibility Goldfarb calls cynicism a central but unexamined aspect of contemporary American political and social life Goldfarb reveals with vivid strokes how cynicism undermines our capacity to think about society s strengths and weaknesses Drawing on thinkers from Alexis de Tocqueville to Allan Bloom and on such recent works as *Beloved Bonfire of the Vanities* and *Mississippi Burning* The Cynical Society celebrates cultural pluralism s role in democracy **Electoral Justice and Political Culture** Dai zhicheng, 2021-12-15 The election process reflects the essence of the electoral system The justice of the electoral process can best reflect whether the electoral system is legitimate and democratic The democratic and legal shortcomings of China s electoral system can be solved by

rationalizing and democratizing the electoral process which is consistent with the realization of justice under the electoral process In this book procedural justice is combined with the electoral process to find the conditions and elements needed to achieve more justice in elections The electoral system is still based on the political will of the political party to rule and the electoral system itself has serious legislative problems which shows that the foundation of China's electoral system has problems Then China's electoral system cannot truly represent the political voices and political interests of the people in the implementation and at the same time cannot reflect the fairness of the election in the electoral procedure and the determination of the election results The People's Congress system and the Political Consultation system simply cannot elect the right representatives who truly represent the interests of the people The elected government and state power organs are separated from the people's political status political interests and development interests in the operation of their duties and the exercise of power By analyzing the problems in China's electoral system and election procedures the book concludes the conditions for the realization of more justice rationalization and democratization of China's electoral system and election procedures through procedural justice The spiritual connotation of procedural justice under the electoral system and election procedures are combined with the traditional Chinese democratic political culture to construct an electoral political culture adapted to the contemporary Chinese political environment advancing the development of procedural justice in China's electoral system to realize the rationality legitimacy and democracy of elections

**Understanding the Political Culture of Hong Kong: The Paradox of Activism and Depoliticization** Lam Wai-man, 2015-06-03 This book challenges the widely held belief that Hong Kong's political culture is one of indifference The term political indifference is used to suggest the apathy naivete passivity and utilitarianism of Hong Kong's people toward political life Taking a broad historical look at political participation in the former colony Wai man Lam argues that this is not a valid view and demonstrates Hong Kong's significant political activism in thirteen selected case studies covering 1949 through the present Through in depth analysis of these cases she provides a new understanding of the nature of Hong Kong politics which can be described as a combination of political activism and a culture of depoliticization

The Political Culture of Japan Bradley M. Richardson, 2022-08-19 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1974

**Political Culture** Walter A. Rosenbaum, 1975 For introductory and intermediate undergraduate courses in political science *Offprint Series* University of Texas at Austin. Institute of Latin American Studies, 1880

*Resetting the Political Culture Agenda: From Polis to International Organization* Antonia Zervaki, 2014-07-08 The analysis of the formation processes and manifestations of political culture in the domain of international relations and organization lacks a concrete theoretical and methodological framework However the main

theoretical and methodological deficits seem to be related to the need for a clear cut definition of the concept itself as well as to the integration of political science methodological tools into the international institutional law debate This book considers the basic theoretical and methodological requirements for the use of political culture as a conceptual tool in the field of international organization research Moreover it applies the core theoretical and methodological assumptions to three case studies namely the United Nations the Council of Europe and the European Union which are perceived as agents of distinct political cultures in the international system

A People's Contest Phillip Shaw Paludan,1996 Pt 1 Learning war  
Communities go to war Forging foreign and domestic weapons The ways of making war The dialogue of politics 1861 1862 pt 2 Making war Congress and the capitalists Congress and the second American system Agriculture and the benefits of war Industrial workers and the costs of war The meanings of emancipation The dialogue of politics loyalty and unity 1863 1864 pt 3 Finding war's meanings World images of war Frankenstein and Everyman Sherman Grant and modern war The scars of war The coming of the Lord religion in the Civil War era Conclusion

*Comparative Politics* Roy C. Macridis, Bernard Edward Brown,1968

**Projecting Paranoia** Ray Pratt,2001 A wide ranging and idiosyncratic look at sixty years of politics and film that uncovers how American movies have mirrored and even challenged anxieties and paranoid perceptions embedded in American society since the start of the Cold War The first book to take a sweeping look at 60 years of film and analyze them thematically

Reinventing Political Culture Jeffrey C. Goldfarb,2013-05-09 The way people think and act politically is not set in stone People can and do change the fundamental cultural contours of their political situation Their political culture does not only restrict imagination and action it is also a resource for political creativity and invention In Reinventing Political Culture this resource is uncovered and explored Analyzed as a tension between the power of culture and the culture of power the concept of political culture is reinvented and applied to understanding the practice of people transforming their own political culture in very different circumstances Three instances of such reinvention are closely examined one historic during the twilight of the Soviet empire one actively in process and actively opposed the Obama revolution and one an apparent distant dream the power of culture and the culture of power that would avoid the clash of civilizations in the Middle East In accessible and engaging prose Goldfarb clearly and forcefully presents students and scholars of sociology comparative politics and cultural studies with an original position on political culture showing how the political cultures of our times pose not only grave dangers but also opportunities for creative alternatives

Party Over Section Joel H. Silbey,2009 A leading political historian of antebellum America examines the hard fought three way presidential race of 1848 Reveals how Martin Van Buren and his Free Soil party challenged Whigs and Democrats by making slavery a key issue representing a harbinger of the change that was to come even though they only garnered 10 percent of the vote

**Political Culture, Public Policy, and the American States** John Kincaid,1982

**The Political Life of Our Time** David Nicol,1889

Prairie Populism Jeffrey Ostler,1993 Ostler shows that economic conditions alone cannot explain

why populism flourished or foundered Through a study of populism in Kansas Nebraska and Iowa Ostler demonstrates that the strength or weakness of the two dominant political parties within a state had a significant effect on the success of a third party challenge

**Defining Americans** Mary E. Stuckey, 2004 Ranging broadly from Andrew Jackson to Bill Clinton and George W Bush Stuckey demonstrates how presidents accomplish the dual enactment of inclusion and exclusion through their rhetorical and political choices Our early leaders were preoccupied with balancing the growing nation later presidents were concerned with the nature and definitions of citizenship By examining the political speeches of presidents exemplifying distinctly different circumstances she presents a series of snapshots which when taken together reveal both the continuity and the changes in our national self understanding

**Political Education in Flux** Derek Benjamin Heater, Judith A. Gillespie, 1981

**The Limits of Agrarian Radicalism** Peter H. Argersinger, 1995 As Ross Perot proved in 1992 even when funded by a bottomless bank account American third parties have always struggled in their efforts to achieve recognition and political power Yet even in defeat their contributions to national politics have been substantial That Peter Argersinger contends was certainly true of the Populists a century earlier Argersinger one of our nation's foremost historians of the Populist era brings together in this volume some of his best and most influential essays ranging from a study of a single election campaign to complex analyses of political organizations legislative behavior and government institutions Together they amply display his consistently sharp and wide ranging insights on this important moment in American life Argersinger examines among other things the Populists evolution in electoral politics from creating a party to running election campaigns the enormous obstacles they overcame in the process of electing a U S Senator specific laws and procedures that suppressed Populism's full political participation hard won successes in Western state legislatures in the face of powerful enemies and numerous internal disputes and the Populists long standing struggles and frustrations with the U S Congress Throughout Argersinger illuminates the fundamental ways in which Populism challenged our political system and brings to life its volatile personalities dramatic controversies visionary programs and enduring frustrations So frustrating that an Oklahoma Populist once pulled a gun on the Speaker of the House who kept refusing to recognize his request to speak to the assembly Of special interest to political social rural Western and Gilded Age historians this book provides a timely reminder of the political constraints on third parties in America
