This important reference book is an indispensable guide to the ships organisation command and rank structure and leaders of the Kriegsmarine and helps explain why it was such a potent force. A detailed text augmented by photos maps and diagrams studies the German Navy from the Treaty of Versailles to the collapse of the U boat offensive and the demise of the Third Reich. After covering the background organisation and naval bases the author gives detailed descriptions of all the classes of ship from the battleships to motor torpedo boats and minesweepers. The officers and sailors are covered along with their uniforms and awards and insignia. Biographies of notable personalities and a chronology of the main naval events are included as well as appendices and a select bibliography.
