The Poetry of Anthony Barnett ,1993 Due North Peter Riley,2015 **Whitman, Melville, Crane, and the Labors of American Poetry** Peter Riley,2019-05-23 In Whitman Melville Crane and the Labors of American Poetry Peter Riley confronts our enduring and problematic investment in poetic vocation a myth he argues that continues to inform how all our multifarious labors are understood valued and exploited The book seeks to challenge a dominant cultural logic that frames contingent non vocational labor as a necessary sacrifice that frustrates the righteous progress towards realizing that seemingly purest of callings Poet Incorporating the often overlooked or excluded workaday ephemera of three canonical US Romantic poets Walt Whitman Herman Melville and Hart Crane this volume offers new archival insights that call for a re examination of celebrated literary careers and disputes their status as renowned or tragic icons of creative vocation The poetry of Whitman the real estate dealer Melville the customs inspector and Crane the copywriter Riley contends does not constitute the formal inscription of an antagonistic or discreet poetic labor struggling against quotidian work towards the fulfilment of exceptional individual callings Instead the distracted forms of their poetry are always already intermingled with a variety of apparently lesser labors Ousting poetic production from its default sanctuary of privileged exemption or transcendent repose the volume refigures the work of the poet as a living sensuous activity that transgresses labor s various divisions and hierarchies It consequently recasts the poet as a figure who actually unfastens the right of passage vocational logic that does so much to secure and reproduce the current neoliberal paradigm **The Poetry Review** Stephen Phillips,Galloway Kyle,Harold Monroe,1987 **"Proof..."** Peter Riley,2023-02-06 Proof is an account in the simplest declarative language of the wren s song the life of the refugee mortality the poet s task the Manchester Insurrection and the forgotten books **Four Poems** Lorand Gaspar,1993 Poetry Translated from the French by Peter Riley Translations of four long poems by a respected contemporary French poet The Poetry Review ,1988 **The Poetry of W.S. Graham** Tony Lopez,Anthony Lopez,1989 For more than 150 years empowering practices have been used by social workers in their work with families but the techniques of today differ significantly from those of the pioneers or even from those of a few years ago Today s practitioners recognize that empowering others is impossible social workers can however assist others as they empower themselves This book integrates time honored approaches with today s more modest goals mindful of what empowerment can and cannot do Synthesizing several theoretical supports the strengths perspective system theory theories of family well being and theories of coping the author responds to the question What works with today s families in need Practice illustrations are provided throughout to bring concepts to life and more important to present families describing their own experiences with achieving empowerment The Engineering of Being Birgitta Johansson,1997 **The**
