## **The Political Philosophy Of Michael Oakeshott:**

**The Political Philosophy of Michael Oakeshott** Paul Franco, 1987      **The Political Philosophy of Michael Oakeshott** Michael Joseph Oakeshott, 1990      **Lectures in the History of Political Thought** Michael Oakeshott, 2011-10-24 Oakeshott's memorable lectures on the history of political thought delivered each year at the London School of Economics will now be available in print for the first time as Volume II of his Selected Writings Based on manuscripts in the LSE archive for 1966-67 the last year of Oakeshott's tenure as Professor of Political Science these thirty lectures deal with Greek Roman mediaeval and modern European political thought in a uniquely accessible manner Scholars familiar with Oakeshott's work will recognize his own ideas subtly blended with an exposition carefully crafted for an undergraduate audience those discovering Oakeshott for the first time will find an account of the subject that remains illuminating and provocative      **The Politics and Philosophy of Michael Oakeshott** Stuart Isaacs, 2006-09-27 This book offers a clearly written and accessible critical analysis it presents complex theories and concepts in a way that will introduce new readers to Oakeshott's work and at the same time offers a fresh approach for those already familiar with his philosophy

*The Limits of Political Theory* Kenneth B. McIntyre, 2015-10-15 This book examines Oakeshott's political philosophy within the context of his more general conception of philosophical understanding The book stresses the underlying continuity of his major writings on the subject and takes seriously the implications of understanding the world in terms of modality The book suggests strongly that Oakeshott's philosophy of political activity cannot be reduced to a branch of conservatism liberalism or postmodernism or a theory or set of doctrines which fit neatly into any conventional school like that of Idealism or Skepticism Rather Oakeshott's philosophy of political activity is a provocation to all of the currently dominant schools of political theory and political practice It questions their presuppositions and exposes as ambiguous arbitrary or confused all of the supposed certainties which they take for granted It does all this by offering profound insights into the character and limits of both political activity and political theory in the modern world      *In Defence of Modernity* Efraim Podoksik, 2013-05-14 Although Oakeshott's philosophy has received considerable attention the vision which underlies it has been almost completely ignored This vision which is rooted in the intellectual debates of his epoch cements his ideas into a coherent whole and provides a compelling defence of modernity The main feature of Oakeshott's vision of modernity is seen here as radical plurality resulting from fragmentation of experience and society On the level of experience modernity denies the existence of the hierarchical medieval scheme and argues that there exist independent ways of understanding our world such as science and history which cannot be reduced to each other On the level of society modernity finds expression in liberal doctrine according to which society is an aggregate of individuals each pursuing his or her own choices For Oakeshott to be modern means not only to recognise this condition of radical plurality but also to learn to appreciate and enjoy it Oakeshott did not think that it was possible to find a comprehensive philosophical justification for modernity therefore the

only way to preserve modern civilisation seemed to be an appeal to sentiment As a consequence he was a passionate defender of liberal education as the best way to underwrite the conversation of mankind

**Michael Oakeshott on Religion, Aesthetics, and Politics** Elizabeth Campbell Corey, 2006 Argues that Oakeshott's views on aesthetics religion and morality which she places in the Augustinian tradition are intimately linked to a creative moral personality that underlies his political theorizing Also compares Oakeshott's Rationalism to Voegelin's concept of Gnosticism and considers both thinkers treatment of Hobbes to delineate their philosophical differences Provided by publisher Politics and Experience Preston King, B. C. Parekh, 2011-02-03 This volume was compiled in 1968 to honour the retirement of the eminent political philosopher Professor Michael Oakeshott Professor Oakeshott widely regarded as one of the most important conservative intellectuals of the twentieth century understood the need for political philosophy to conceive experience as a whole and accordingly sought to address politics both historically and rationally These essays engage with the common concerns of his major works opportunistically exploring the ideas of this great thinker further Moreover they are a reflection of the contributors academic interests variously discussing tradition the nature of political philosophy ideology revolution education history and rationalism As the essays contained within are separate investigations of Oakeshott's ideas they can be enjoyed both in and out of sequence This volume will be of value to anyone with an appreciation of political philosophy and its history and indeed with an interest in the ideas of Professor Oakeshott himself

**From a 'Necessary Evil' to the Art of Contingency** Suvi Soininen, 2015-10-15 This book presents a comprehensive study of Oakeshott's conception of political activity The author first examines Oakeshott in the contexts of liberal conservative and Idealist thought and then presents a detailed interpretation of the change in his conception of politics in the context of British postwar political thought It is argued that Oakeshott's conception of political activity shifted from a near contempt of politics towards the applauding of politics as a deliberative and reflective activity The development is disclosed by examining the change in his key concepts such as authority and tradition Accordingly some rather unexpected aspects of Oakeshott's thought such as his close relationship to the linguistic turn appear The author argues that although Oakeshott cannot exactly be classified as belonging to that group of political philosophers for whom politics represents a superior human activity his later work presents an important and original view of politics as an art of contingency

**Michael Oakeshott, the Ancient Greeks, and the Philosophical Study of Politics** Eric Steven Kos, 2016-07-20 This book addresses a question fundamental for Oakeshott throughout his life which is what we are doing when we read and discuss some memorable work in the history of political thought The approach the book takes to Oakeshott's response to this question is of particular interest in that it explores in detail extensive notes he made on the beginnings of political philosophy in ancient Greece in an unpublished set of notebooks in which he recorded his thoughts on many different subjects throughout his life In addition the book gives contemporary significance to Oakeshott's interpretation of the history of political thought by using it to confront a series of contemporary

challenges to the study of the history of political thought and to the study of the great books In particular Oakeshott's distinction between various kinds or levels of political thought is carefully analyzed as is also the extent of his agreement and disagreement with Quentin Skinner In the concluding chapter the author relates Oakeshott's view of the nature of the history of political thought to his well known description of philosophy as conversation describing it as an introduction to that conversation

The Meanings of Michael Oakeshott's Conservatism Corey Abel, 2017-03-06 This collection of recent scholarship on the thought of Michael Oakeshott includes essays by both distinguished and established authors as well as a fresh crop of younger talent Together they address the meanings of Oakeshott's conservatism through the lenses of his ideas on religion history and tradition and explore his relationships to philosophers ranging from Hume to Ryle Cavell and others The collection assigns no single or final meaning to Oakeshott's conservatism but finds in him a number of possibilities for thinking fruitfully about what conservatism might mean when it is no longer considered as a doctrine but as a habit or a turn of mind

*Michael Oakeshott's Political Philosophy of International Relations* Davide Orsi, 2016-10-04 This book argues that Michael Oakeshott's political philosophy contributes to current debates in normative international theory and international political theory on the historical social and moral dimension of international society Davide Orsi contends that the theory of civil association may be the ground for an understanding of international society as a rule based form of moral association constituted by customary international law The book also considers the role of evolving practices of morality in debates on international justice Orsi grounds this work on a study of Oakeshott's philosophical arguments and compares the Oakeshottian perspective to recent constructivist literature in International Relations

*A Companion to Michael Oakeshott* Paul Franco, Leslie Marsh, 2015-06-26 Michael Oakeshott has long been recognized as one of the most important political philosophers of the twentieth century but until now no single volume has been able to examine all the facets of his wide ranging philosophy with sufficient depth expertise and authority The essays collected here cover all aspects of Oakeshott's thought from his theory of knowledge and philosophies of history religion art and education to his reflections on morality politics and law Aside from the editors the contributors are Corey Abel David Boucher Elizabeth Corey Robert Devigne Timothy Fuller Steven Gerencser Robert Grant Noel Malcolm Kenneth McIntyre Kenneth Minogue No l O Sullivan Geoffrey Thomas and Martyn Thompson

*The Philosophy of Michael Oakeshott* Terry Nardin, 2001 This is the first comprehensive study of Michael Oakeshott as a philosopher rather than a political theorist which is how most commentators have regarded him Indeed the careful reading of his published and unpublished writings that Terry Nardin provides here shows that Oakeshott's concerns have been primarily philosophical not political These writings go far beyond politics to offer a critical philosophy of human activity and of the disciplines that interpret and explain it Oakeshott argues that inquiry can be independent of practical concerns even when its subject is the thought and action of human beings Although the book considers Oakeshott's views on morality law and government it is primarily concerned with his ideas about the character of

knowledge especially knowledge of intelligent human conduct and focuses attention on the concepts of modality contingency and civility that are central to Oakeshott's philosophy as a whole Nardin seeks to show how Oakeshott's critique of scientism and other forms of foundationalism supports a powerful version of the argument that history is the proper mode for understanding human choice and action The book thus provides the fullest discussion available of Oakeshott's antifoundationalist view of epistemology metaphysics and the philosophy of history and the human sciences It examines his arguments concerning the criteria of truth the forms of knowledge the relationship between theory and practice the place of interpretation in the social sciences the nature and importance of historical explanation and the definition of philosophy itself And it is the first study to look at Oakeshott's relationship to phenomenology hermeneutics and other movements in twentieth century Continental philosophy

**Philosophy, Practice and Autonomy** Kenneth B. McIntyre, 1995 The Moral, Social and Political Philosophy of the British Idealists William Sweet, 2017-03-17 The British idealists of the late 19th and early 20th century are best known for their contributions to metaphysics logic and political philosophy Yet they also made important contributions to social and public policy social and moral philosophy and moral education as shown by this volume Their views are not only important in their own right but also bear on contemporary discussion in public policy and applied ethics Among the authors discussed are Green Caird Ritchie Bradley Bosanquet Jones McTaggart Pringle Pattison Webb Ward Mackenzie Hetherington Muirhead Collingwood and Oakeshott The writings of idealist philosophers from Canada South Africa and India are also examined Contributors include Avital Simhony Darin Nesbitt Carol A Keene Stamatoula Panagakou David Boucher Leslie Armour Jan Olof Bengtsson Thom Brooks James Connelly Philip MacEwen Efraim Podoksik Elizabeth Trott and William Sweet

The Place of Michael Oakeshott in Contemporary Western and Non-Western Thought Noel O'Sullivan, 2017-08-01 The continuing growth of worldwide interest in Michael Oakeshott's philosophy and political theory has recently 2016 been marked by the publication of two Companion to Oakeshott volumes This event provides a welcome opportunity to explore the reasons for his influence both within the West and beyond it Essays by contributors from Britain Canada Hong Kong India and the USA provide a comprehensive critical assessment of the principal aspects of Oakeshott's thought that account for his contemporary relevance The unusually multi national background of the authors aims to give the volume a wide appeal extending not only to those already familiar with Oakeshott's writings but also to those as yet unfamiliar with them regardless of their cultural background All the contributors have attempted to write in a way that makes Oakeshott as accessible as possible

**Michael Oakeshott** Paul Franco, 2004-01-01 In this book Paul Franco provides an authoritative introduction to the life and thought of Michael Oakeshott one of the most important philosophical voices of the twentieth century After sketching a brief biography of Oakeshott Franco then examines his most distinctive ideas including his early idealist theory of knowledge his influential critique of rationalism and central social planning and his liberal theory of civil association Though best known as a political philosopher Oakeshott also made

significant contributions to the philosophy of history aesthetics the philosophy of religion and the philosophy of education Franco highlights Oakeshott s impressive achievements in each of these areas His book is an essential introduction to the whole range of Oakeshott s thought and it sets the philosopher s work in historical context while also demonstrating its relevance to contemporary debates in political philosophy     Lectures in the History of Political Thought Michael Oakeshott,2006 This new collection of thirty unpublished pieces covers every decade of Michael Oakeshott s career and adds to his contributions to the philosophy of historical understanding political philosophy and the philosophy of education and aesthetics The essays are in an informal style that will be accessible to new readers as well as those already acquainted with Oakeshott s works Jacket     **Oakeshott on History** Luke O'Sullivan,2015-10-15 This book challenges the common view that Michael Oakeshott was mainly important as a political philosopher by offering the first comprehensive study of his ideas on history It argues that Oakeshott s writings on the philosophy of history mark him out as the most successful of the philosophers who attempted to establish historical study as an autonomous form of thought during the twentieth century It also contends that his work on the history of political thought is best seen in the context of debates over the origins of the liberal state For the first time extensive use has been made of unpublished material in the collection of Oakeshott s papers at the LSE resulting in an intellectual biography that should be of interest both to first time students and those already familiar with his published works

## Decoding **The Political Philosophy Of Michael Oakeshott**: Revealing the Captivating Potential of Verbal Expression

### **The Political Philosophy Of Michael Oakeshott Introduction**

In today's digital age, the availability of The Political Philosophy Of Michael Oakeshott books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Political Philosophy Of Michael Oakeshott books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Political Philosophy Of Michael Oakeshott books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Political Philosophy Of Michael Oakeshott versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation.

Furthermore, The Political Philosophy Of Michael Oakeshott books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Political Philosophy Of Michael Oakeshott books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Political Philosophy Of Michael Oakeshott books and manuals is Open Library. Open Library is an initiative of the Internet

Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Political Philosophy Of Michael Oakeshott books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Political Philosophy Of Michael Oakeshott books and manuals for download and embark on your journey of knowledge?

### **FAQs About The Political Philosophy Of Michael Oakeshott Books**

1. Where can I buy The Political Philosophy Of Michael Oakeshott books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Political Philosophy Of Michael Oakeshott book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
