**Remaking Pacific Pasts** Diana Looser, 2014-10-31 Since the late 1960s drama by Pacific Island playwrights has flourished throughout Oceania Although many Pacific Island cultures have a broad range of highly developed indigenous performance forms including oral narrative clowning ritual dance and song scripted drama is a relatively recent phenomenon Emerging during a period of region wide decolonization and indigenous self determination movements most of these plays reassert Pacific cultural perspectives and performance techniques in ways that employ adapt and challenge the conventions and representations of Western theater Drawing together discussions in theater and performance studies historiography Pacific studies and postcolonial studies Remaking Pacific Pasts offers the first full length comparative study of this dynamic and expanding body of work It introduces readers to the field with an overview of significant works produced throughout the region over the past fifty years including plays in English and in French as well as in local vernaculars and lingua francas The discussion traces the circumstances that have given rise to a particular modern dramatic tradition in each site and also charts routes of theatrical circulation and shared artistic influences that have woven connections beyond national borders This broad survey contextualizes the more detailed case studies that follow which focus on how Pacific dramatists actors and directors have used theatrical performance to critically engage the Pacific s colonial and postcolonial histories Chapters provide close readings of selected plays from Hawai i Aotearoa New Zealand New Caledonia Kanaky and Fiji that treat events figures and legacies of the region s turbulent past Captain Cook s encounters the New Zealand Wars missionary contact the overthrow of the Hawaiian monarchy and the Fiji coups The book explores how in their remembering and retelling of these pasts theater artists have interrogated and revised repressive and marginalizing models of historical understanding developed through Western colonialism or exclusionary

indigenous nationalisms and have opened up new spaces for alternative historical narratives and ways of knowing In so doing these works address key issues of identity genealogy representation political parity and social unity encouraging their audiences to consider new possibilities for present and future action This study emphasizes the contribution of artistic production to social and political life in the contemporary Pacific demonstrating how local play production has worked to facilitate processes of creative nation building and the construction of modern regional imaginaries *Remaking Pacific Pasts* makes valuable contributions to Pacific literature world theater history Pacific studies and postcolonial studies The book opens up to comparative critical discussion a geopolitical region that has received little attention from theater and performance scholars extending our understanding of the form and function of theater in different cultural contexts It enriches existing discussions in postcolonial studies about the decolonizing potential of literary and artistic endeavors and it suggests how theater might function as a mode of historical enquiry and debate adding to discussions about ways in which Pacific histories might be developed challenged or recalibrated Consequently the book stimulates new discussions in Pacific studies where theater has to date suffered from a lack of critical exposure Carefully researched and original in its approach *Remaking Pacific Pasts* will appeal to scholars graduate students and upper level undergraduate students in theater and performance studies and Pacific Islands studies it will also be of interest to cultural historians and to specialists in cultural studies and postcolonial studies

**The Linguistics of Laughter** Alan Partington, 2006-10-16 Using a corpus linguistics approach this impressive volume examines what speakers try to achieve by producing laughables and what hearers are signalling when they produce laughter

*The Stagecraft and Performance of Roman Comedy* C. W. Marshall, 2006-11-02 A comprehensive survey of Roman theatrical production this book examines all aspects of Roman performance practice and provides fresh insights on the comedies of Plautus and Terence Following an introductory chapter on the experience of Roman comedy from the perspective of Roman actors and the Roman audience addressing among other things the economic concerns of putting on a play in the Roman republic subsequent chapters provide detailed studies of troupe size and the implications for role assignment masks stage action music and improvisation in the plays of Plautus and Terence Marshall argues that Roman comedy was raw comedy much more rough and ready than its Hellenistic precursors but still fully conscious of its literary past The consequences of this lead to fresh conclusions concerning the dramatic structure of Roman comedy and a clearer understanding of the relationship between the plays as text and the role of improvisation during performance

**A Primer For Daily Life** Susan Willis, 2005-08-12 First published in 1991 Routledge is an imprint of Taylor Francis an informa company

*Staging America* Jeffery Kennedy, 2023-01-24 A comprehensive history of the Provincetown Players and their influence on modern American theatre The Provincetown Players created a revolution in American theatre making room for truly modern approaches to playwriting stage production and performance unlike anything that characterized the commercial theatre of the early twentieth century In *Staging America* The Artistic Legacy of the

Provincetown Players Jeffery Kennedy gives readers the unabridged story in a meticulously researched and comprehensive narrative that sheds new light on the history of the Provincetown Players This study draws on many new sources that have only become available in the last three decades this new material modifies refutes and enhances many aspects of previous studies At the center of the study is an extensive account of the career of George Cram Cook the Players leader and artistic conscience as well as one of the most significant facilitators of modernist writing in early twentieth century American literature and theatre It traces Cook s mission of cultural patriotism which drove him toward creating a uniquely American identity in theatre Kennedy also focuses on the group of friends he calls the Regulars perhaps the most radical collection of minds in America at the time they encouraged Cook to launch the Players in Provincetown in the summer of 1915 and instigated the move to New York City in fall 1916 Kennedy has paid particular attention to the many legends connected to the group such as the discovery of Eugene O Neill and also adds to the biographical record of the Players forty seven playwrights including Susan Glaspell Neith Boyce Edna St Vincent Millay Floyd Dell Rita Wellman Mike Gold Djuna Barnes and John Reed Kennedy also examines other fascinating artistic literary and historical personalities who crossed the Players paths including Emma Goldman Charles Demuth Berenice Abbott Sophie Treadwell Theodore Dreiser Claudette Colbert and Charlie Chaplin Kennedy highlights the revolutionary nature of those living in bohemian Greenwich Village who were at the heart of the Players and the America they were responding to in their plays
