Klockars, Sanja Kutnjak Ivkovic, M. R. Haberfeld, 2003-09-20 Police misconduct is a topic of great concern worldwide However the causes of police corruption are remarkably different Understanding the unique political historical legal and economic institutions of a country is essential in identifying the potential for police misconduct Police misconduct is a topic of great concern worldwide However the causes of police corruption are remarkably different Understanding the unique political historical legal and economic institutions of a country is essential in identifying the potential for police misconduct *The Contours of Police Integrity* is the only book that examines police corruption and police integrity across cultures Editors Carl B. Hitler Strikes Poland Alexander B. Rossino, 2003

Usually given short shrift in most histories of World War II

Hitler's invasion of Poland was more than a series of opening salvos it was a testing ground for German brutalities to come

This is a comprehensive study of the campaign including insights into its ideological underpinnings

The Development of the Polish Officer Corps in World War I Leonard Ratajczyk, Béla K. Király, Nándor F. Dreisziger, 1985

Judenrat Isaiah Trunk, 1996-01-01

During World War II more than five million Jews lived under Nazi rule in Eastern Europe

In occupied Poland the Baltic countries Byelorussia and Ukraine they were stripped of property and resettled in ghettos

The German authorities established in each ghetto a Jewish Council or Judenrat to maintain minimal living standards

The Judenrat was required to carry out Nazi directives against other Jews to supply forced labor and eventually to cooperate in the Final Solution

Did the Jewish leaders of the ghettos who were also victims assist their murderers

If cooperation with the Nazi oppressors was morally defensible during the first stage in organizing the ghettos what about later when deportations to death camps began

Trunk analyzes situations where the Councils and ghetto police were forced to send their own communities to death

Some Council members chose suicide rather than supply lists to the Nazis others used delaying tactics

Some handed over the lists

Some joined their families in the gas chamber

In assessing guilt and innocence Trunk never allows the reader to forget that the impossible choices facing the Jewish leaders were created by the Nazis
