Ratsimbaharison, 2017-07-25 Since Independence in 1960 Madagascar has faced several periods of instability and crisis as well as the threat of civil war These periods were cyclical each time the country made some significant economic and social progress an unexpected crisis would occur to bring it to a halt The book focuses on the crisis of March 2009 showing how a brewing conflict between the government of Marc Ravalomanana and the opposition led by Andry Rajoelina escalated and using it as a case for the study of further crises in Madagascar or other African countries The book adopts a conflict approach to the study of crisis Instead of focusing on external symptoms street protests violence looting massacre of protesters military mutiny etc or condemning it as a coup d tat it analyzes the crisis of March 2009 as part of an ongoing conflict between the government and the opposition It uncovers the causal mechanisms of the crisis as well as the process of crisis management and de escalation examining such factors as the context of the crisis the major actors the triggers and the management of the crisis by national and international mediators In addition the book explains how a civil war was averted and who benefited as a result of this political crisis      **The Political Beginnings of Kentucky** John Mason Brown, 1890      **The Politics of Labor** Thomas Phillips Thompson, 1887      The Saturday Review of Politics, Literature, Science and Art ,1871      **History of St. Clair County, Michigan** ,1883      **The Contemporary Review** ,1895
