*The Heroic Triad; Essays in the Social Energies of Three Southwestern Cultures* Paul Horgan, 1970 Three essays revised and with a new prologue from the author's Great River the Rio Grande in North American history The Heroic Triad Paul Horgan, 1970 The Epic Hero Dean A. Miller, 2003-05-22 Selected by Choice Magazine as an Outstanding Academic Title From Odysseus to Aeneas from Beowulf to King Arthur from the Mahabharata to the Ossetian Nart tales epic heroes and their stories have symbolized the power of the human imagination Drawing on diverse disciplines including classics anthropology psychology and literary studies this product of twenty years scholarship provides a detailed typology of the hero in Western myth birth parentage familial ties sexuality character deeds death and afterlife Dean A Miller examines the place of the hero in the physical world wilderness castle prison cell and in society among monarchs fools shamans rivals and gods He looks at the hero in battle and quest at his political status and at his relationship to established religion The book spans Western epic traditions including Greek Roman Nordic and Celtic as well as the Indian and Persian legacies A large section of the book also examines the figures who modify or accompany the hero partners helpers animals and sometimes monsters foes foils and even antitypes The Epic Hero provides a comprehensive and provocative guide to epic heroes and to the richly imaginative tales they inhabit **You Are the Hero** Stambecco Pesco (Silvio Palombo), 2021-07-22 I exist not because a poet has told my story but because I am living here and now Am I more or less true than the mythological heroes Do I contribute to the world's history more or less than they do Myth is the realm of the purest values and it is a real practical realm which not only nurtures our imagination but directs our behaviors towards a specific path Every myth is curated and lives within us The myth represents the most comprehensive way to speak about the characteristics of human beings even when it tells us of Divinities and extraordinary Forces and it is the most precise compass to point us in the right direction so that we can express the best side of ourselves The strength of the myth is to be outside time or better still to ride time as a surfer on the waves of the ocean Damanhur and its philosophy both inspired by Falco Tarassaco's thought tell us about the birth of life and the universe through many myths in which everyone can recognize aspects of themselves and listen to their own voice

Zimmerly, 2019-04-09 Literary sidekicks like Dr Watson and Robin the Boy Wonder have not been the singular subject of a significant critical study until now Using young adult literature YA to study the sidekick reveals new and exciting ways to understand these kinds of characters and this kind of literature YA has embraced the sidekick recognizing the way the character reflects the importance of growth and finding one s place in the world The nature of many YA texts allows sidekicks to grow beyond literary or historical origins This includes letting sidekicks evolve over the course of multiple texts using parallel novels to add complexity to a sidekick s characterization and telling a story from the sidekick s perspective paradoxically making the sidekick the hero A singularly focused and prolonged study helps to establish sidekick scholarship as a burgeoning field in and of itself Transforming the Shame Triangle Jessica Fern, David Cooley, 2025-10-31 A practical accessible primer on using parts work to transform shame and self criticism to authenticity and integrity Trauma attachment wounds and external criticism can leave us battling a sense of shame and inadequacy that can keep us from thriving personally and in relationships In Transforming the Shame Triangle integrative therapist Jessica Fern and restorative justice facilitator David Cooley use a synthesis of Internal Family Systems and Narrative Process to identify the three parts that they see as the greatest barriers to achieving the life we want The Inner Critic Shame and the Escaper are players in an

internalized drama triangle acting as perpetrator victim and rescuer Together they create the Shame Triangle which can trap us in ineffective survival strategies that prevent us from embracing and expressing our true selves Through practical exercises and accessible explanations readers are guided to shift from a state of self critique to one of self support transforming the Shame Triangle to a love triangle Using parts work Fern and Cooley open a path to healing and transformation building a foundation of authenticity and integrity in self and connections and ultimately creating a more fulfilling life
