

1918

France Since 1918 Second Edition

Nicholas Atkin

France Since 1918 Second Edition:

Britain and Empire, 1880-1945 Dane Kennedy, 2014-07-22 Britain and Empire 1880 1945 traces the relationship between Britain and its empire during a period when the two spheres intersected with one another to an unprecedented degree. The story starts with the imperial expansion of the late nineteenth century and ends with the Second World War at the end of which Britain was on the brink of decolonisation. The author shows how empire came to figure into almost every important development that marked Britain's response to the upheavals of the late nineteenth century and first half of the twentieth century. He examines its influence on foreign policy, party politics, social reforms, cultural practices and national identity. At the same time he shows how domestic developments affected imperial policies. Written in an engaging and accessible manner this book integrates British and imperial history in a single narrative, provides a useful synthesis of recent historical research in the area, analyses topics ranging from ideology and culture to politics and foreign affairs, contains a chronology, glossary, who's who and guide to further reading. *Britain and Empire 1880-1945* provides an up to date accessible survey ideal for students coming to the subject for the first time.

The French at War, 1934-1944 Nicholas Atkin, 2001 Covering the Occupation, the Vichy regime, the Resistance and collaboration, Nick Atkin provides an introduction to the years 1934-1944.

France's most contentious decade *Britain and the French Revolution* Clive Emsley, 2014-10-13 The French Revolution catapulted Europe into a new period of political upheaval, social change and into the modern era. This book provides a concise introduction to the impact of the French Revolution on Britain and to the ways in which this impact has been assessed by historians. The book is organised thematically. It begins with a survey of the ideological debate sparked off by the Revolution, discussing in particular the work of people such as Burke, Paine, Spence and Wollstonecraft. From here it presents an exploration of the Revolution's impact on Parliamentary polities, the growth of radicalism and loyalism, the way in which French ideas influenced Irish aspirations to generate rebellion. The third main section of the book focuses on the causes and course of Britain's war with Revolutionary France and on the effects of the war on the home front, most notably the recurrent serious food shortages.

Germany from Defeat to Partition, 1945-1963 D.G. Williamson, 2014-10-13 This book covers the years 1945-63 which witnessed the total defeat of the Third Reich, the occupation and evolution of the German Federal Republic and German Democratic Republic. The impact of the occupation is analysed, as are the events leading to the division of Germany. Politics, economic history and social and cultural change in both Germanys are fully explored. Thus in the FRG the nature of Adenauer's success in creating a parliamentary democracy is analysed, as is the West German economic miracle. There is also a chapter specifically on social and cultural developments in the FRG. The GDR is treated equally comprehensively, with particular attention being paid to the Socialist Unity Party and how it was able to dominate the GDR and survive the riots of 17-18 June 1953. The events leading up to the construction of the Berlin Wall are also carefully covered. In the Conclusion a comparative summary of the two German states is made in the light of key themes.

The

Origins of the Vietnam War Fredrik Logevall,2014-01-14 Why did the US make a commitment to an independent South Vietnam Could a major war have been averted Fredrik Logevall provides a concise comprehensive and accessible introduction to the origins of the Vietnam War from the end of the Indochina War in 1954 to the eruption of full scale war in 1965 and places events against their full international background *America in the Progressive Era, 1890-1914* Lewis L. Gould,2001 Covering the turbulent 1890s and the era of Theodore Roosevelt and Woodrow Wilson this new next provides a readable analytical narrative of the emergence influence and decline of the spirit of progressive reform that animated American politics and culture around the turn of the twentieth century **Notes and Queries** William John Thoms,1891
