Nash, 1997 A history of the United States in the twentieth century featuring sociological and cultural events as well as strictly historical and using many pertinent literary excerpts American Odyssey [kit] Gary D. Nash, Glencoe/McGraw-Hill, 1997 *North American Odyssey* Craig E. Colten, Geoffrey L. Buckley, 2014-03-27 This groundbreaking volume offers a fresh approach to conceptualizing the historical geography of North America by taking a thematic rather than a traditional regional perspective Leading geographers building on current scholarship in the field explore five central themes Part I explores the settling and resettling of the continent through the experiences of Native Americans early European arrivals and Africans Part II examines nineteenth century European immigrants the reconfiguration of Native society and the internal migration of African Americans Part III considers human transformations of the natural landscape in carving out a transportation network replumbing waterways extracting timber and minerals preserving wilderness and protecting wildlife Part IV focuses on human landscapes blending discussions of the visible imprint of society and distinctive approaches to interpreting these features The authors discuss survey systems regional landscapes and tourist and mythic landscapes as well as the role of race gender and photographic representation in shaping our understanding of past landscapes Part V follows the urban impulse in an analysis of the development of the mercantile city nineteenth and twentieth century planning and environmental justice With its focus on human environment interactions the mobility of people and growing urbanization this thoughtful text will give students a uniquely geographical way to understand North American history Contributions by Derek H Alderman Timothy G Anderson Kevin Blake Christopher G Boone Geoffrey L Buckley Craig E Colten Michael P Conzen Lary M Dilsaver Mona Domosh William E Doolittle Joshua Inwood Ines M Miyares E Arnold Modlin Jr Edward K Muller Michael D Myers Karl Raitz Jasper Rubin Joan M Schwartz Steven Silvern Andrew Sluyter Jeffrey S Smith Robert Wilson William Wyckoff and Yolonda Youngs **Focus On: 100 Most Popular 20Th-century American Politicians** Wikipedia contributors, **The Mythic West in Twentieth-century America** Robert G. Athearn, 1986 Briefly describes life in the West and discusses the ephemeral nature of the region western towns the tourist industry agriculture fiction and the ecology movement **Black Greek-letter Organizations in the Twenty-First Century** Gregory S. Parks, 2008-06-13 During the twentieth century black Greek Letter organizations BGLOs united college students dedicated to excellence fostered kinship and uplifted African Americans Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr Congresswoman Barbara Jordan novelist Toni Morrison and Wall Street pioneer Reginald F Lewis Despite the

profound influence of these groups many now question the continuing relevance of BGLOs arguing that their golden age has passed Partly because of their perceived link to hip hop culture black fraternities and sororities have been unfairly reduced to a media stereotype a world of hazing without any real substance The general public knows very little about BGLOs and surprisingly the members themselves often do not have a thorough understanding of their history and culture or of the issues currently facing their organizations To foster a greater engagement with the history and contributions of BGLOs Black Greek Letter Organizations in the Twenty first Century Our Fight Has Just Begun brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members Editor Gregory S Parks and the contributing authors provide historical context for the development of BGLOs exploring their service activities as well as their relationships with other prominent African American institutions The book examines BGLOs responses to a number of contemporary issues including non black membership homosexuality within BGLOs and the perception of BGLOs as educated gangs As illustrated by the organized response of BGLO members to the racial injustice they observed in Jena Louisiana these organizations still have a vital mission Both internally and externally BGLOs struggle to forge a relevant identity for the new century Internally these groups wrestle with many issues including hazing homophobia petty intergroup competition and the difficulty of bridging the divide between college and alumni members Externally BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism sexism and other types of fear driven behavior By embracing the history of these organizations and exploring their continuing viability and relevance Black Greek Letter Organizations in the Twenty first Century demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead *An American Odyssey* Thomas H. Pauly, 1983 Elia Kazan was for a number of years the pre eminent director in New York and Hollywood who helped establish the American social realist style in theater and film Beginning with his early association with The Group Pauly shows how Kazan s realist style shifted subtly toward a more autobiographical mode especially in his later films and how he influenced the work of writers now identified as among the best America has produced Also shows how commercial concerns and changing audience tastes affected what Kazan chose to do even while he remained preoccupied with American social problems

 Generation BOOK JACKET **Cinematic Cold War** Tony Shaw, Denise J. Youngblood, 2014-08-15 The Cold War was as
 much a battle of ideas as a series of military and diplomatic confrontations and movies were a prime battleground for this
 cultural combat As Tony Shaw and Denise Youngblood show Hollywood sought to export American ideals in movies like

Rambo and the Soviet film industry fought back by showcasing Communist ideals in a positive light primarily for their own citizens. The two camps traded cinematic blows for more than four decades. The first book-length comparative survey of cinema's vital role in disseminating Cold War ideologies, Shaw and Youngblood's study focuses on ten films: five American and five Soviet that in both obvious and subtle ways provided a crucial outlet for the global debate between democratic and communist ideologies. For each nation, the authors outline industry leaders, structure audiences, politics, and international reach, and explore the varied relationships linking each film industry to its respective government. They then present five comparative case studies, each pairing an American with a Soviet film: *Man on a Tightrope* with *The Meeting on the Elbe*, *Roman Holiday* with *Spring on Zarechnaya Street*, *Fail Safe* with *Nine Days in One Year*, *Bananas* with *Officers*, *Rambo: First Blood Part II* with *Incident at Map Grid 36 80*. Shaw breathes new life into familiar American films by Elia Kazan and Woody Allen, while Youngblood helps readers comprehend Soviet films most have never seen. Collectively, their commentaries track the Cold War in its entirety, from its formative phase through periods of thaw and self-doubt to the resurgence of mutual animosity during the Reagan years, and enable readers to identify competing core propaganda themes such as decadence versus morality, technology versus humanity, and freedom versus authority. As the authors show, such themes blurred notions regarding propaganda and entertainment terms that were often interchangeable and mutually reinforcing during the Cold War. Featuring engaging commentary and evocative images from the films discussed, *Cinematic Cold War* offers a shrewd analysis of how the silver screen functioned on both sides of the Iron Curtain. As such, it should have great appeal for anyone interested in the Cold War or the cinematic arts. **The African American Odyssey** Library of Congress, 1998
