*Energy Research Abstracts* ,1990      **Management Education** Robert R. Locke,1998 Drawn from a 20th century time frame these readings about management education cover a complexity of subjects The key event American managerial capitalism s rise to global hegemony occurred at mid century it focused the world s attention on American management education That story is told in numerous articles about the revolution in business education within the USA about the propagation of American managerial knowhow and its reception abroad But the readings also cover alternate forms of management education rooted in quite different capitalist systems of enterprise governance with emphasis especially on a German tradition that rivaled the American before 1940 and a Japanese that emerged internationally in the 1980s These readings relate not only how the alternative traditions in management education retained their vigor throughout the century but how those mid century predominant American views about management education are being challenged as the century ends in America itself      Making the Managerial Presidency Peri E. Arnold,1998 Examines the political history of administrative reform undertaken by 20th century presidents Attempting to explain the growth of modern bureaucracy within an 18th century framework and the expansion of presidential control over administrative powers the author explores the relationship between administrative theory and the dilemmas posed for a developing administrative state by the separation of powers He also looks at and compares successive cases of presidentially initiated comprehensive reform planning in order to understand the implications for the president s institutional role Paper edition unseen 25 00 Annotation copyrighted by Book News Inc Portland OR
