purpose You will find out why the U S dollar is quietly being destroyed without fanfare and the reason this process is being publically denied and covered up You will see why unemployment numbers along with many other economic figures are rigged and how we are being lied to about their true significance The insights you get from the first few chapters alone can change your life Even if you were to study at Harvard for five years which would cost you by the way over 95 000 you would not have the knowledge you need to get any closer to this kind of insider information Learn why silver is the best investment opportunity right now Get the facts on silver production and consumption and all the details behind silver's projected five to eight fold increase over the next several months
