Some Reflections On Jurisprudence

Christian J. Tams, James Sloan

Some Reflections On Jurisprudence:

Some Reflections on Jurisprudence William Warwick Buckland, 1949 *Some Reflections on Jurisprudence* W. W. Buckland, 2011-06-16 This 1949 work investigates the arguments and theories of writers on jurisprudence so far as they make contact with positive law **Some Reflections on Jurisprudence** William Warwick Buckland, 1945 **Some reflections on jurisprudence**, 1943 *Philosophical and Sociological Reflections on Labour Law in Times of Crisis* Eduardo von Adamovich, Marcel Zernikow, 2022-05-13 Starting from the assertion that crisis is part of the essence of labour law this volume brings together researchers in the field who accepted the challenge to critically reflect on this branch of the discipline As the COVID 19 pandemic has had a global impact labour law across the world must come to terms with a new reality In this context it would be prudent to adapt to new circumstances by taking known paths To this end this book reflects on what effectively constitutes labour law considering questions which are not usual within labour law Insights from philosophical sociological and even economic standpoints are mobilised to reconcile the past with the future of labour law

Kazimierz Opalek Selected Papers in Legal Philosophy Jan Wolenski, 2013-06-29 Philosophical aspects of law and jurisprudence are investigated from various points of view This collection represents the analytic approach to legal philosophy However this approach is not extreme in the sense that it is limited exclusively to linguistic matters The concept of norm as a directive of conduct is the central category analyzed in particular essays The structure of directives as well as their semantic and pragmatic roles are studied Pragmatic functions of directives are linked with their functioning as speech acts Moreover existence and validity of norms are analyzed The author also touches on general methodological problems of legal theory and philosophy particularly their relations to social sciences The collection covers material interesting for philosophers lawyers and social scientists , **Globalisation and Legal Theory** William Twining, 2000-03 The text makes the case for a revival of general jurisprudence in response to globalisation **Doing Austin Justice** Wilfrid Rumble, 2004-12-01 Austin was an towering presence in 19th century English jurisprudence and many of his ideas remain viable today They include his conception of analytical jurisprudence his sharp distinction between law and morality and his utilitarian theory of resistance to government Yet he has always had his critics and they have become ever shriller in the last 50 years If it is not a requirement of political correctness to belittle his ideas the tendency to do so is widespread Critics often dismiss Austin with a wave of the hand or reduce his jurisprudence to a few of his ideas such as his conception of law as a command or his notion of a legally unlimited sovereign Whatever approach is taken Austin s doctrines tend to be abstracted from their historical context and vastly oversimplified For example the utilitarian ethical theories that he expounded in three of the six chapters of the only book that he published in his lifetime are usually ignored Accordingly there has been a failure to recognize the complexity and inner tensions of his legal philosophy There is not one John Austin but at least half a dozen Nothing makes this clearer than the diverse responses to his work in the 19th century Wilfrid E Rumble s study thus fills a

large gap in the literature about this important figure It will be of substantial interest not only to historians of ideas law and the 19th century but also to jurists legal philosophers and political theorists **Indian Factories & Labour Reports** ,2010-07 Vols 1 contain separately paged sections Journal summaries Acts and notifications and Reports **Vyavahara nirnaya** ,1952 Introduction to American Law Timothy Walker,1874 **Encyclopaedisch handboek van het moderne denken** Willem Banning,1950 *The Development of International Law by the International Court of Justice* Christian J. Tams,James Sloan,2013-09-12 This book traces the impact that the International Court of Justice ICJ the principal judicial organ of the United Nations has had on various areas of international law A number of prominent international experts examine whether and to what extent international law has been shaped by the Court s jurisprudence The informal development of international law through the Court s judgments contrasts with the development of international law through more deliberate means such as treaty making Assessing key areas of international law over which the ICJ has exercised its jurisdiction such as international environmental law international human rights the law of the sea and the law of immunities this book comprehensively details the impact of international jurisprudence on contemporary international law Continuing the work started by Sir Hersch Lauterpacht s influential book *The Development of International Law by the Permanent Court of International Justice* this book provides key new insights into the role of the Court in wider international law It makes required reading for anyone studying the ways in which international courts have in shaped the evolution of international law

Examination Decrees ... Together with the Regulations of the Boards of the Faculties University of Oxford,1967 The Examination Statutes ... Together with the Regulations of the Boards of Studies and Boards of Faculties University of Oxford,1967 *Calendar* University of Aberdeen,1954 **Books in Print** ,1962 **Dictionary Catalog of the University Library, 1919-1962** University of California, Los Angeles. Library,1963 Law Books, 1876-1981 R.R. Bowker Company,1981
