The Power of Humility Charles Whitfield, Barbara Harris Whitfield, Russell Park, 2010-01-01 Throughout our life at each moment from each conflict that arises throughout every day we are given the power to choose We all face challenges in our relationships and Dr Whitfield gives us the secret to meeting each challenge and how to make the best choice when faced with hard decisions and irrational emotions Using the same questions he has asked his patients Dr Whitfield asks readers Do you choose to protect your point of view your position and your ego's limited perceptions Or do you choose humility open mindedness curiosity and tolerance Do you choose to play the victim to persecute or to rescue Or do you choose humility to motivate nurture and empower Do you choose separation or through humility inclusion These are the lessons taught in *The Power of Humility* Simple easy to understand yet life changing Dr Whitfield teaches us that by accepting our humility we invite peace love joy and gratitude into our life and our relationships Key Features Patient stories provide the reader with specific examples on the power of humility Takes readers through the separate steps in identifying humility throughout their lives Tie in to reissue of Dr Whitfield's million copy classic *Healing the Child Within* *Raising Someone Special* TRACY FOSTER FRANCIS, 2023-06-29 Imagine everything that you thought you knew about life being challenged You now question the best way to do things You look at what makes things easy or difficult with a new perspective Now imagine that the person responsible for this is your child Typically that is not abnormal We always look at things with a sense of wonder and magic when our children are small Now consider what it would be like if this stage of life never stopped This book is about my experiences navigating life with my daughter starting with first discovering that she was someone special as an infant through her high school years We faced many challenges Some of them came from others while some challenges were self inflicted When dealing with someone who perpetually sees things from a different perspective you have to adjust your responses What you don't realize as a parent is that others do not understand the importance of operating from that alternative perspective You will never look at things the same again They have never had someone totally melt down over something that to most is seemingly simple They do not understand that the things that most normal people value are not the same things that some with disabilities value It is my hope with this book that others will get a glimpse into the lives of those who are special and the people who love and care for them
