## Someone Elses Money A Novel:

**Birth of the Financial Thriller** Mikkel Krause Frantzen,2025-03-31 Discover the untold story of the financial thriller a genre pioneered by Canadian banker turned author Paul Erdman from a Swiss prison cell Starting with the publication of The Billion Dollar Sure Thing in 1973 this book explores the genre s evolution as a popular and even vulgar genre of financialisation characterised by volatile plots centred on currency speculation where the central mystery is money not murder By contextualising the rise of financial thrillers within the dramatic events of the 1970s such as the abolition of the Bretton Woods system and the oil crises this book illustrates how a genre found the world of finance during a particular historical moment but also how the world of finance found its genre This compelling narrative connects the past to our present financial landscape making it essential for anyone interested in the intersection of economic literary and cultural history

**The Literature of Lashkar-e-Tayyaba** C. Christine Fair,Safina Ustaad,2023 This book presents a rare glimpse into the rhetorical machinations of one of the world s most brutal terrorist groups For scholars of terrorist literature there is no comparable product on this group or other groups in South Asia **Gifts of Clothing in Late Antique Literature** Nikki Rollason,2016-07-15 Both clothing and gifts in the ancient world have separately been the subject of much scholarly discussion because they were an integral part of Greek and Roman society and identity creating and reinforcing the relationships which kept a community together as well as delineating status and even symbolising society as a whole They have however rarely been studied together despite the prevalence of clothing gifts in many ancient texts This book addresses a gap in scholarship by focusing on gifts of elite male clothing in late antique literature in order to show that when they appeared in texts these items were not only functioning in an historical or real life sphere but also as a literary space within which authors could discuss ideas of social relationships and authority This book suggests that authors used items which usually formed part of the costume of authority of the period the trabea of the consul the chlamys of the imperial court and the emperor and the pallium of the Christian bishops to over write wearers and donors as confident figures of official authority when this may have been open to doubt

**ARTnews** ,1983 **How to Invest Someone Else's Money** John W. **Common Sense: A Book for Conservatives & Liberals & Moderates to Unite for an Even Better America** an Oregonian physician,2014-07-09 There s an international rating of countries by how corrupt they are called the Corruptions Perceptions Index from least corrupt at 1 to most corrupt at 175 The USA is 19 from least corrupt tied with Uruguay Not bad maybe but we can do better The reason we re not higher is how much special interests control our government This book suggests some reforms to

discuss and consider to end corruption such as proportional representation public campaign financing term limits ranked choice and none of the above voting and combining these with a long term federal balanced budget and just and fair and simple taxation Many of these require Constitutional Amendments But Congress proposes Amendments and the incumbents in Congress are unlikely to propose these reforms because they would change how the people in Congress become incumbents in the first place However our Founding Framers gave us a solution for just this problem the states calling an Article V Convention to Propose Amendments
