Love Your Life to Death 10th Anniversary Edition Yvonne Heath,2025-12-01 Love Your Life to Death The 10th Anniversary Looking Back over a Decade Writing this book has profoundly impacted my life and changed the trajectory of my path and the choices I've made I have become more than I ever thought possible and accomplished more than I ever dared to dream As a society we really are capable of so much more than we know From witnessing and experiencing excessive suffering as a nurse to author speaker radio and television host and compassionate disrupter I would have said not a chance None of this was ever on my vision board In fact it terrified me Then surprisingly this new career brought me more joy than I could have ever imagined My greatest honour and privilege has been to sit with those with a story to tell heroes without capes often silenced and feeling isolated in their grief because those surrounding them did not understand their need to be heard And why would they Where do we teach people how to sit with suffering to listen without trying to fix and to acknowledge and allow ALL emotions As a society we are making progress but still have a long way to go It is in sharing our stories that we begin to heal ourselves and each other I really had no idea how desperate people were to be heard To talk about their loved ones who died to unpack their painful experiences to be validated to sit in a safe space where they wouldn't be rushed or asked if they were over it yet I will continue to learn unlearn

and evolve and discover the magnitude of compassionate listening We all have this ability The most powerful gift we can give one another is to Just Show Up This became the message for my TEDx Talk Transforming our Grief by Just Showing Up In 2025 a decade since the launch of Love Your Life to Death I have reconnected with some of the most courageous and vulnerable souls who were willing to share a glimpse of their lives losses and their grief And once again I was deeply moved hearing what continued to make life worth living Ten years Ten Stories *Love and Death in Psychotherapy* Robert Langs,2006-06-23 Feelings of love between patients and their therapists have been an endless source of confusion for those involved An essential reading for all counselling and psychotherapy students and practitioners this text offers fresh perspectives and advice on how best to deal with expressions of love and sexual desires in the course of therapy **How To**
