Somerville And Ross A Critical Appreciation:

Somerville & Ross Hilary Robinson,1980 **The Professional Literary Agent in Britain, 1880-1920** Mary Ann Gillies,2007-01-01 Breaking new ground in the study of British literary culture during an important transitional period this new work by Mary Ann Gillies focuses on the professional literary agent whose emergence in Britain around 1880 coincided with and accelerated the transformation of both publishing and authorship Like other recent studies in book and print culture *The Professional Literary Agent in Britain 1880 1920* starts from the central premise that the business of authorship is inextricably linked with the aesthetics of literary praxis Rather than provide a broad overview of the period however Gillies focuses on a specific figure the professional literary agent She then traces the influence of two prominent agents A P Watt generally acknowledged as the first professional literary agent and J B Pinker the leading figure in the second wave of agents focusing on their respective relationships with two key clients The case studies not only provide insight into the business dynamics of the literary world at this time but also illustrate the shifting definition of literature itself during the period

Encyclopedia of British Humorists Steven H. Gale,1996 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company **The European Metropolis** Matthew L. Reznicek,2017 Building on the long standing image of Paris as the Capital of the Nineteenth Century and the Capital of Modernity this book examines the city s place in the imagination of Irish women writers in the long nineteenth century *Irish Women Writers* Ann Owens Weekes,2021-10-21 From the legendary poet Oisín to modernist masters like James Joyce William Butler Yeats and Samuel Beckett Ireland s literary tradition has made its mark on the Western canon Despite its proud tradition the student who searches the shelves for works on Irish women s fiction is liable to feel much as Virginia Woolf did when she searched the British Museum for work on women by women Critic Nuala O Faolain when confronted with this disparity suggested that modern Irish literature is dominated by men so brilliant in their misanthropy that the self respect of Irish women is radically and paradoxically checkmated by respect for an Irish national achievement While Ann Owen Weekes does not argue with the first part of O Faolain s assertion she does with the second In *Irish Women Writers An Uncharted Tradition* she suggests that it is the critics rather than the writers who have allowed themselves to be checkmated Beginning with Maria Edgeworth s *Castle Rackrent* 1800 and ending with Jennifer Johnston s *The Railway Station* 1980 she surveys the best of the Ireland s female literature to show its artistic and historic significance and to demonstrate that it has its own themes and traditions related to yet separate from that of male Irish writers Weekes examines the work of writers like E OE Somerville and Martin Ross pen names for cousins Edith Somerville and Violet Martin Elizabeth Bowen Kate O Brien Mary Lavin and Molly Keane among others She teases out the themes that recur in these writers works including the link between domestic and political violence and re-visioning of traditional stories such as Julia O Faolain s use of the Cúchulain and Diarmuid and Grainne myths to reveal the negation of women s autonomy In doing so she demonstrates that the literature of Anglo and Gaelic Irish women
