

The background of the book cover is a soft, painterly illustration of a savanna landscape at sunset. Two giraffes, one large and one small, are in the foreground, their heads touching in a gentle moment. The sky is a mix of warm pinks, oranges, and purples, with a bright sun low on the horizon. The ground is a mix of green and brown, with some trees and bushes in the distance.

Somewhere In The World Right Now:

Making Magic Briana Saussy, 2019-06-04 Re enchant your life with this book of rituals ceremonies and practices for personal growth anchored in the hidden power of everyday things We all have a deep capacity to make magic and to do it as easily as we breathe or open our eyes This is not a matter of belief You can discover your own capacity for magic in your own direct experience Briana Saussy When you think of magic do you imagine something supernatural extraordinary or beyond your everyday reality Many of us are drawn to magic because we think there s something out there that can bring enchantment and wonder back into our lives Yet there s a secret to real magic the extraordinary is much closer than you may think With *Making Magic* expert teacher Briana Saussy invites you to discover a practice of magic that will bring a new depth and power to each moment act and choice of your life Through teaching stories wisdom from a wide variety of world traditions and no nonsense practices you can easily weave into your daily routine Briana will help you reconnect with the wild and creative force of magic that is always around and within you waiting for you to remember As you explore this path of transformation you ll discover resources of magic that permeate your life including Doors and thresholds ways we cross between worlds Communication creating magic with your voice body intentions and relationships Holy helpers ancestors angels saints and spirit beings who guide and support you Water and washing access the revitalizing energy of water when you drink or bathe Textiles and threads how to loosen mend or bind up supportive energies Candles and fire elemental power to bring light to darkness and burn away what no longer serves you Kitchen magic using food to nourish your whole self and reconnect you with nature Talismans infuse your beloved objects with sacred purpose and supportive power Magic is the most real part of any real life the spark illuminating the authentic core of every experience writes Briana Saussy If you are ready to enter a world that is ripe with possibility and rediscover the electric wildness of your life here is an essential resource for *Making Magic* as only you can *Picture-perfect Science Lessons* Karen Rohrich Ansberry, Emily Rachel

Morgan, 2005 Provides fifteen lesson plans that incorporate picture books into the science curriculum **Teaching Science Through Trade Books** Christine Anne Royce, Karen Rohrich Ansberry, Emily Rachel Morgan, 2012 If you like the popular *Teaching Science Through Trade Books* columns in NSTA s journal *Science and Children* or if you ve become enamored of the award winning *Picture Perfect Science Lessons* series you ll love this new collection It s based on the same time saving concept By using children s books to pique students interest you can combine science teaching with reading instruction in an engaging and effective way **The Visible Ghost** Dante P. Chelossi Jr., 2017-11-21 The *Visible Ghost* tells a tale of a

scientist who has an accident inside his laboratory and dies To his astonishment and that of everyone else around him he becomes a ghost who is visible for all to see with their eyes all the time He does not have the ability to become invisible Another fascinating detail about him in his ghost form is that his appearance is 100 percent solid like any living being around him If someone were to stand next to him they could have a conversation with him and not in any way ever suspect that he is

in fact a ghost because of how solid in form he appears to be Being a scientist this ghost is extremely intrigued even in death about being a ghost He decides to investigate and document everything possible about being a ghost for others to understand before he disappears which can be at any moment At the very least he has proven to the world that ghosts do in fact exist
