**Religion in Rebellions, Revolutions, and Social Movements** Warren S. Goldstein, Jean-Pierre Reed, 2022-05-19

Religion in Rebellions Revolutions and Social Movements demonstrates that while religion is often a social force that maintains if not legitimates the sociopolitical order it is also a decisive factor in economic social and political conflict The book explores how and under what conditions religion functions as a progressive and or reactionary force that compels people to challenge or protect social orders The authors focus on the role that religion has played in peasant slave and plebeian rebellions revolutions including the Chinese English French Russian and Iranian and modern social movements In addition to these case studies the book also contains theoretical chapters that explore the relationship religious thought has with the politics of liberation and oppression It examines the institutional organizational ritualistic discursive ideological and or framing mechanisms that give religion its oppressive and liberating structures Many scholars of religion continue very conventional modes of thinking ignoring how religion has been and continues to be both a hegemonic and counterhegemonic force in conflict This book looks at both sides of the equation This international and interdisciplinary volume will be of interest to students and scholars in the fields of politics of religion sociology of religion religious studies gender studies and

history *Trees, People and Power* Peter Utting, 2013-11-05 Behind the headlines about the loss of tropical forests in Latin America lies a complex and fascinating story of the social pressures which cause it *Trees People and Power* looks at the various groups interests and conflicts involved and explores the repercussions for forestry the environment and the livelihoods of the rural and urban poor Until the social and political dimensions of deforestation and forest protection schemes are understood measures to prevent or slow deforestation are likely to involve technical interventions which will prove ineffective in the long run and may well result in further impoverishment and environmental degradation Peter Utting takes a critical look at the experience of forest protection and tree planting in a number of countries and considers how social and political factors affect the feasibility of such schemes Many environmental projects and programmes have failed to balance concerns for the environment with those of human welfare Until they do it is unrealistic to expect any significant progress towards sustainable development Peter Utting is a senior researcher coordinator with the United Nations Research Institute for Social Development He is the author of *Economic Adjustment under the Sandinistas* UNRISD 1991 and *Economic Reform and Third World Socialism* Macmillan 1992 Originally published in 1993 *Practicing Anthropology in the South* James M. **Malu Vipama** Mario Martínez, Lilia Sánchez, 2021-02-22 Nuestras vidas pueden ser muy parecidas pero la forma en que construimos el amor no siempre es igual Esta es la historia de dos enamorados que aprendieron a edificar su amor no solo a través de la atracción física y los encantos del enamoramiento y la juventud sino que conocieron y profundizaron en su cultura tuvieron que entender sus diferencias sus mundos tan parecidos y distintos Lo que en primera instancia fue un amor profundo que nació del conocimiento del otro fue más tarde la fortaleza para tomar valor seguir viviendo y asumir la pérdida del otro Al amor también le gusta la lucha y el esfuerzo así se transforma en algo más sólido y tenaz A través de esa pasión que se cimenta entre dos personas de razas tan distintas se hace un recorrido histórico de un lugar donde nace una de las grandes civilizaciones mesoamericanas en el trayecto de una promesa de los dioses y un sueño de una doncella nahuatl y un varón australiano se cumple sobre todo un sueño de vida que los hará vivir por siempre Además en esta novela el lector podrá encontrar un elemento que ha dejado de estar de moda en la lectura común pero que sin duda hace falta ya que los poemas siempre fueron parte de la manifestación del amor sublime del amor perdido Los autores a través de poemas pero relacionados con cada uno de los capítulos de esta narrativa intentan recuperar este tipo de composición y romance que ha sido abandonado por las nuevas generaciones **Papers of the ...
