Song of the Circle Barry Brailsford,1996-01-01 A novel      **The Quest for Origins** K. R. Howe,2003-05-31 Did they come from space from Egypt from the Americas From other ancient civilizations These are some of today s most fanciful claims about the first settlers of the islands of the Pacific But none of them correctly answer the question Where did the Polynesians come from This book is a thoughtful and devastating critique of such new learning and a careful and accessible survey of modern archaeological anthropological genetic and linguistics findings about the origins of Pacific Islanders Professor Howe also examines the two hundred year old history of Western ideas about Polynesian origins in the context of ever changing fads and intellectual fashions      Greenstone Trails Barry Brailsford,1996      The Journal of Commonwealth Literature ,1997 One number each year includes Annual bibliography of Commonwealth literature      Spiritual Ceremonies Emma Johnson,AI,2025-03-29 Spiritual Ceremonies explores the vital role of ritual and tradition in indigenous cultures worldwide revealing how these practices shape social structures transmit knowledge and connect communities to the spiritual realm Investigating ceremonies offers insights into the resilience and adaptability of communities often marginalized in dominant historical narratives Some rituals serve as potent tools for cultural preservation in rapidly changing global landscapes The book highlights the embodiment of belief through ritual performance the transmission of cultural knowledge and the maintenance of social cohesion through these traditions By examining the structure symbolism and function of ceremonies the book argues that these practices are not relics of the past but dynamic components of cultural identity The book progresses from an introduction to core concepts delving into specific case studies across the Americas Australia and Africa culminating in a synthesis of common threads in indigenous ceremonies      **Re-Investing Authenticity** Britta Timm Knudsen,Anne Marit Waade,2010-01-22 From the highly influential concept of staged authenticity discussed by Dean MacCannell to the general claim of longing for authenticity on behalf of all Western consumers made by Joseph Pine and James Gilmore it is obvious that the concept of authenticity is still worth considering This ground breaking book re thinks and re invests in the notion of authenticity as a surplus of experiential meaning and feeling that derives from what we do at in places In Re investing Authenticity Tourism Place and Emotions international scholars representing a wide range of disciplines examine contemporary performances of authenticity in travel and tourism practices From cultural place branding to individual pilgrim performances from intensified experiences of imaginary crime scenes to the rhetorical features of the encounter with the traumatic and from photography performing memories of place to experiences of wilderness producing excitement this book demonstrates how the feeling of authenticity within places is produced      *The Secret Land* Gary J.
