foundation for Kalevala poetry research in the beginning of the last century A research method derived from evolutionist and diffusionist cultural theories sought answers to questions concerning the age and character of the poetry These questions had a central importance in the creation of the young nation state s cultural capital The typological research established in the 1930s and the textual critique of the 1950s did not question these basic premises although the theoretical centres of attention had shifted Historical types of examination preserved their status because a rune tradition which contained pre Christian mythology and ancient ethnographic elements was considered to provide a glimpse into the past of the non literate Finnish Karelian culture Framing Famous Mountains Li-tsui Flora Fu,2009 Treating landscape painting as yet another framing systems in both the symbolic and material sense this book examines sixteenth century paintings of famous mountains by three major artists in the light of a diachronic account of the evolution of famous mountains over time and a synchronic account of the vogue for the grand tour in late Ming society Book Jacket Aesthetics of Music Stephen Downes,2014-06-27 Aesthetics of Music Musicological Approaches is an anthology of fourteen essays each addressing a single key concept or pair of terms in the aesthetics of music collectively serving as an authoritative work on musical aesthetics that remains as close to the music as possible Each essay includes musical examples from works in the 18th 19th and into the 20th century Topics have been selected from amongst widely recognised central issues in musical aesthetics as well as those that have been somewhat neglected to create a collection that covers a distinctive range of ideas All essays cover historical origins sources and developments of the chosen idea survey important musicological approaches and offer new critical angles or musical case studies in interpretation *Festival of Song ...* Frederick Saunders,1876 **Catalog of Copyright Entries** Library of Congress.
