Song Of Silkie:

Coastal Environments in Popular Song Glenn Fosbraey, 2022-12-30 This book examines how popular music is able to approach subjects of bio politics climate change solastalgia and anthropomorphisation alongside its more common diet of songs about love dancing and break ups all while satisfying its primary remit of being entertaining and listenable Nearly a thousand books have been published on bioethics since Van Rensselaer Potter's *Bioethics Bridge to the Future* 1971 with a marked increase in the past 20 years However not one of these books has focused itself on popular music something Christopher Partridge describes as central to the construction of our identities central to our sense of self central to our well being and therefore central to our social relations This edited collection examines popular music through a range of topics from romance to climate change *Coastal Environments in Popular Song* is perfect for students scholars and researchers alike interested in bioethics social history and the history of music *Goddesses in World Culture* Patricia Monaghan, 2010-12-01

This collection of accessible essays relates the stories of individual goddesses from around the world exploring their roles in the cultures from which they came their histories and status today and the controversies surrounding them *Goddesses in World Culture* brings readers the fascinating stories of close to 100 of the world's goddesses ranging from the immediately recognizable to the obscure These figures many of whom derive from ancient cultures and civilizations serve as points of departure for examining questions that go well beyond the role of women in religion and spirituality to include social organization environmental awareness historical developments and psychological archetypes Each volume of this groundbreaking set is composed of 20-25 previously unpublished articles written by expert contributors from diverse disciplines Volume one covers Asia and Africa volume two covers the Eastern Mediterranean and Europe and volume three covers Australia and the Americas *Goddesses* from cultures often overlooked in texts on religion such as those of the Australian Aborigines Korea Nepal and the Caribbean are included here In addition the work offers new translations of ancient texts introduces little known folklore and suggests new approaches to contemporary religious practices

Merchant Vessels of the United States, 1976 **Song of Silkie** Claudette Williams, 1983-11-12 *Bulletin of the British Ornithologists' Club* British Ornithologists' Club, 1957 **Catalog of Copyright Entries** Library of Congress.
