A Peculiar Mixture Jan Stievermann,Oliver Scheiding,2013-06-14 Through innovative interdisciplinary methodologies and fresh avenues of inquiry the nine essays collected in A Peculiar Mixture endeavor to transform how we understand the bewildering multiplicity and complexity that characterized the experience of German speaking people in the middle colonies They explore how the various cultural expressions of German speakers helped them bridge regional religious and denominational divides and eventually find a way to partake in America's emerging national identity Instead of thinking about early American culture and literature as evolving continuously as a singular entity the contributions to this volume conceive of it as an ever shifting and tangled web of contact zones They present a society with a plurality of different native and colonial cultures interacting not only with one another but also with cultures and traditions from outside the colonies in a peculiar mixture of Old World practices and New World influences Aside from the editors the contributors are Rosalind J Beiler Patrick M Erben Cynthia G Falk Marie Basile McDaniel Philip Otterness Liam Riordan Matthias Schahofer and Marianne S Wokeck **Many Identities, One Nation** Liam Riordan,2007 Liam Riordan explores how the American Revolution politicized religious racial and ethnic identity among the diverse inhabitants of Pennsylvania Delaware and New Jersey from 1770 to 1830 *Bulletin of the Library Company of Philadelphia* Library Company of Philadelphia,1892
