## **Some Other World To Find Quest And Negation In The Works Of Herman Melville:**

Some Other World to Find Bruce Leonard Grenberg,1989     *Solitude and Society in the Works of Herman Melville and Edith Wharton* Linda C. Cahir,1999-02-28 The interplay between solitude and society was a particularly persistent theme in nineteenth century American literature though writers approached this theme in different ways Poe explored the metaphysical significance of isolation and held solitude in high esteem Hawthorne viewed the theme in moral terms and examined the obligation of each individual to the larger community and Emerson maintained that the contradictory states of self reliance and solidarity are fundamental to human happiness Herman Melville emerged with an ontological response to this issue Questioning the nature of being he argued that humans are essentially isolated creatures While he grants that we are free to choose how we conduct our lives whether in solitude or in society we cannot escape the essential condition of our alienation Thus in Moby Dick he coins the term Isolato to signify the inherent separateness of all individuals Writing some fifty years later Edith Wharton reached the same conclusion This book argues that Wharton s views on solitude and society were strongly parallel to those of Melville Scholars have generally held that Wharton was primarily influenced by the great English French and Russian writers of the nineteenth century and that with the exception of Walt Whitman Ralph Waldo Emerson and Henry James she neglected the influence of American literature almost entirely This study demonstrates that Wharton read a significant portion of Melville s writings that she reflected on the nature and achievement of his works and that her consideration of his importance emerged during very significant moments in her life when she was forced to grapple with her own place as an individual in relation to a larger community Though Melville and Wharton initially seem disparate this book shows that they had much in common By studying the two authors side by side this volume reveals that they shared a similar way of seeing the world particularly with respect to their considerations of solitude and society Through their solitary characters Melville and Wharton question the relationship of self and society and thus engage a universal problem of special interest to the nineteenth century

*Innocence and Loss* Cristina Alsina Rísquez,Cynthia Stretch,2014-06-02 A fierce national outcry for righteously waging war has long dominated American culture From at least the wildly popular Spanish American War and the US military invasion of the Philippines that infuriated Mark Twain right up to the current Global War on Terrorism this is a deadly dark current coursing throughout American history Meanwhile dissenting analyses of the patriotic gore have until recently been paid scant attention in the popular media Delving into this history this probing collection of essays explores ways in which the compulsive redeployment of innocence in the launching cheering and retelling of America s wars endlessly defers a national reckoning as the editors astutely state in their introduction The works in this collection reflect an effort to add more voices where they are desperately needed     **Inscrutable Malice** Jonathan A. Cook,2012-12-15 In Inscrutable Malice Jonathan A Cook expertly illuminates Melville s abiding preoccupation with the problem of evil and the dominant role of the Bible in shaping his best known novel Drawing on recent research in the fields of

biblical studies the history of religion and comparative mythology Cook provides a new interpretation of Moby Dick that places Melville's creative adaptation of the Bible at the center of the work Cook identifies two ongoing concerns in the narrative in relation to their key biblical sources the attempt to reconcile the goodness of God with the existence of evil as dramatized in the book of Job and the discourse of the Christian end times involving the final destruction of evil as found in the apocalyptic books and eschatological passages of the Old and New Testaments With his detailed reading of Moby Dick in relation to its most important source text Cook greatly expands the reader's understanding of the moral religious and mythical dimensions of the novel Both accessible and erudite Inscrutable Malice will appeal to scholars students and enthusiasts of Melville's classic whaling narrative

**F. Scott Fitzgerald** Jackson R. Bryer, Alan Margolies, Ruth

Prigozy, 2000 Years after his death F Scott Fitzgerald continues to captivate both the popular and the critical imagination This collection of essays presents fresh insights into his writing discussing neglected texts and approaching familiar works from new perspectives Seventeen scholarly articles deal not only with Fitzgerald's novels but with his stories and essays as well considering such topics as the Roman Catholic background of *The Beautiful and Damned* and the influence of Mark Twain on Fitzgerald's work and self conception The volume also features four personal essays by Fitzgerald's friends Budd Schulberg Frances Kroll Ring publisher Charles Scribner III and writer George Garrett that shed new light on his personal and professional lives Together these contributions demonstrate the continued vitality of Fitzgerald's work and establish new directions for ongoing discussions of his life and writing

Principle and Propensity Kelsey L. Bennett, 2014-09-01

Reimagining the coming of age literary tradition in the U S and U K within dynamic theological contexts Scholars have traditionally relied upon the assumption that the nineteenth century bildungsroman in the Goethean tradition is an intrinsically secular genre exclusive to Europe incompatible with the literature of a democratically based culture By combining intellectual history with genre criticism *Principle and Propensity* provides a critical reassessment of the bildungsroman beginning with its largely overlooked theological premises bildung as formation of the self in the image of God Kelsey L Bennett examines the dynamic differences tensions and possibilities that arise as interest in spiritual growth or self formation collides with the democratic and quasi democratic culture in the nineteenth century British and American bildungsroman Beginning with the idea that interest in an individual's moral and psychological growth or bildung originated as a religious exercise in the context of Protestant theological traditions Bennett shows how these traditions found ways into the bildungsroman the literary genre most closely concerned with the relationship between individual experience and self formation Part 1 of *Principle and Propensity* examines the attributes of parallel national traditions of spiritual self formation as they convened under the auspices of the international revival movements the Evangelical Revival the Great Awakening and the renewal of Pietism in Germany led respectively by John Wesley Jonathan Edwards and Count Nikolaus Ludwig Zinzendorf Further it reveals the ways in which spiritual self formation and the international revival movements coalesce in

the bildungsroman prototype Johann Wolfgang von Goethe's *Wilhelm Meisters Lehrjahre* *Wilhelm Meister's Apprenticeship* Part 2 in turn explores the ways these traditions manifest themselves in the nineteenth century bildungsroman in England and the United States through Jane Eyre David Copperfield Pierre and Portrait of a Lady Though *Wilhelm Meisters Lehrjahre* was a library staple for most serious writers in nineteenth century England and in the United States Bennett shows how writers such as Charlotte Bront Charles Dickens Herman Melville and Henry James also drew on their own religious traditions of self formation adding richness and distinction to the received genre *The International Fiction Review*, 1990

**Herman Melville, Romantic and Prophet** Christopher S. Durer, 1996 [Herman Melville](#) A. Robert Lee, 2001

**Crossing Into Millennium** Marcus Lee Sheffield, 1993 *Melville's Muse* John Paul Wenke, 1995 Through his analysis he clearly shows that consciously articulated life choices led Melville to create texts that are both derivative and revolutionary **The Best Books for Academic Libraries**, 2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers [Research Guide to Biography and Criticism: 1990 update](#), 1985 *Melville's Prism of Fatherhood* Phillip Alan Kieckhafer, 2003 **Journal of the short story in English**, 2009

*Studies in the American Renaissance*, 1991 **After the Whale** Clark Davis, 1995-08-30 Examines Herman Melville's short fiction and poetry in the context of popular 1850s fiction The study focuses on Melville's vision of the purpose and function of language from Moby Dick through Billy Budd with a special emphasis on how language in function and form follows and depends on the function and form of the body how Melville's attitude toward words echoes his attitude toward fish Davis begins by locating and describing the fundamental dialectic formulated in Moby Dick in the characters of Ahab and Ishmael This dialectic produces two visions of bodily reality and two corresponding visions of language Ahab's in which language is both weapon and substitute body and Ishmael's in which language is an extension of the body a medium of explanation conversation and play These two forms of language provide a key to understanding the difficult relationships and formal changes in Melville's writings after Moby Dick By following each work's attitude toward the dialectic we can see the contours of the later career more clearly and so begin a movement away from weakly contextualized readings of individual novels and short stories to a more complete consideration of Melville's career Since the rediscovery of Herman Melville in the early decades of this century criticism has been limited to the prose in general and to a few major works in particular Those who have given significant attention to the short fiction and poetry have done so frequently out of context that is in multi author works devoted exclusively to these genres The result has been a criticism with large gaps most especially for works from Melville's later career The relative lack of interest in the poetry has left us with little understanding of how Melville's later voices developed of how the novels evolved into tales the tales into poetry and the poetry back into prose In short the development of Melville's art during the final three decades of his life remains a subject of which we have been afforded only glimpses rarely a continuous attention After the Whale provides a new more comprehensive understanding of

Melville's growth as a writer      **Satirical Apocalypse** Jonathan A. Cook, 1996-04-30 This valuable new addition to Melville studies offers a ground breaking interpretation of Melville's last published novel one of the most complex texts in American literature and a work that has long been noted for the divergent critical views it has elicited Reading the novel as a generic hybrid of narrative satire and apocalyptic vision Cook situates the novel in its implicit theological historical and biographical contexts he examines the novel's relation to Melville's heterodox ideas of the deity to the increasingly commercialized cultural milieu of antebellum America and to Melville's own life and literary career Uncovering a wealth of new data on the novel's satirical applications including its covert use of Melville's friends and family for character models Cook offers a compelling reading of *The Confidence-Man* one that is sure to influence our future conception of its creator      Remnant Review ,2007      **ESQ.** ,2002

Yeah, reviewing a book **Some Other World To Find Quest And Negation In The Works Of Herman Melville** could mount up your close connections listings. This is just one of the solutions for you to be successful. As understood, achievement does not suggest that you have extraordinary points.

Comprehending as without difficulty as pact even more than other will give each success. next to, the declaration as skillfully as acuteness of this Some Other World To Find Quest And Negation In The Works Of Herman Melville can be taken as competently as picked to act.
