Cahill, 2006-12-22 The Handbook of Bioterrorism and Disaster Medicine was created because we felt there was no effective handbook that covered the breadth and scope of this field Our book incorporates concise chapters on topics and diseases with abundant web based references and careful organization We hope that all healthcare providers interested or involved with the care of victims of bioterrorism or disaster including prehospital care providers medical students nurses physicians and those involved with public health or humanitarian aid find it indispensable We wish to thank the numerous authors who contributed to this handbook Throughout the book consistency of style and depth provide the reader with easy and reliable access to the vast amount of information needed to understand prepare for and deal with a bioterrorist attack or disaster The chapters in this book have been based on scientific studies and data when available However more research is needed to more fully understand these complex events The Sinking of the Titanic L. Marmaduke Collins, Captain Marmaduke Collins, 2002 Few human events have stirred the imagination inspired myths and movies and had such a hold upon the western world as the sinking of the unsinkable ship the RMS Titanic In his convincing analysis of the facts and evidence experienced ice pilot Captain Marmaduke Collins comes up with an intriguing new interpretation of what happened on the Titanic's fateful night *Transportation* United States. Air Force. Pacific Air Forces, 1969 *The Titanic* Eugene L.
