## Some Sunday:

*The Italian Way* Douglas Harper, Patrizia Faccioli, 2010-01-15 Outside of Italy the country's culture and its food appear to be essentially synonymous. And indeed as *The Italian Way* makes clear preparing cooking and eating food play a central role in the daily activities of Italians from all walks of life. In this beautifully illustrated book Douglas Harper and Patrizia Faccioli present a fascinating and colorful look at the Italian table. *The Italian Way* focuses on two dozen families in the city of Bologna elegantly weaving together Harper's outsider perspective with Faccioli's intimate knowledge of the local customs. The authors interview and observe these families as they go shopping for ingredients, cook together and argue over who has to wash the dishes. Throughout the authors elucidate the guiding principle of the Italian table: a delicate balance between the structure of tradition and the joy of improvisation. With its bite-sized history of food in Italy including the five hundred year old story of the country's cookbooks and Harper's mouth watering photographs *The Italian Way* is a rich, repast, insightful, informative and inviting.

*The metropolitan catholic almanac and Laity's directory*, 1853

*The Experience of Domestic Service for Women in Early Modern London* Paula Humfrey, 2016-12-05 The late seventeenth and early eighteenth century texts presented here describe female servants' experiences of work in early modern London. Domestic court depositions offer qualitative evidence that female servants were an important support of emergent capitalism in the early modern metropolis. Exposed here are the contractual underpinnings of domestic service for women, the mobility that domestic servants enjoyed and the concern that this mobility generated in the authorities. Paid domestic work has traditionally been regarded by historians simply as a pre-marital phase of women's lives. In fact the depositions in this volume show that service was a prototypical form of female wage labour. While some women left service once they married, others relied on domestic positions as an avenue to generating income as life-long single women, as married women and as widows. Even though they usually lived in poverty, labouring women who worked as servants in London had considerably more agency than has earlier been recognized. Female servants who deposed before London ecclesiastical and parish courts three centuries ago were mostly non-literate. Strikingly, their individual voices are clear and distinct as they present information about their working and personal circumstances.

*The Case of the Manchester Educationists* John Howard Hinton, 1852

**Let There Be Baseball** Arthur G. Sharp, 2023-11-06 Taken for granted by fans today, Sunday baseball was made possible only after decades of contention between evangelical Sabbatarians seeking enforcement of antiquated blue laws and an alliance of Pro Sabs who prevailed against them with strategy and tenacity. At the heart of the struggle was a debate over the First Amendment and the place of religion in public life. Drawing on case records, this book details the legal and political battles and describes the roles of the judges, law enforcement officers and politicians and the ordinary citizens who wanted to enjoy baseball on Sunday. The contributions of unheralded civil rights pioneers such as Joe Neet, John Powell and Lewis Perrine are documented.
