Someone To Die For:

To Die for the People Huey Newton, 2020-09-02 A fascinating first person account of a historic era in the struggle for black empowerment in America Long an iconic figure for radicals Huey Newton is now being discovered by those interested in the history of America's social movements Was he a gifted leader of his people or a dangerous outlaw Were the Black Panthers heroes or terrorists Whether Newton and the Panthers are remembered in a positive or a negative light no one questions Newton's status as one of America's most important revolutionaries *To Die for the People* is a recently issued classic collection of his writings and speeches tracing the development of Newton's personal and political thinking as well as the radical changes that took place in the formative years of the Black Panther Party With a rare and persuasive honesty *To Die for the People* records the Party's internal struggles rivalries and contradictions and the result is a fascinating look back at a young revolutionary group determined to find ways to deal with the injustice it saw in American society And as a new foreword by Elaine Brown makes eminently clear Newton's prescience and foresight make these documents strikingly pertinent today Huey Newton was the founder leader and chief theoretician of the Black Panther Party and one of America's most dynamic and important revolutionary philosophers Huey P Newton's *To Die for the People* represents one of the most important analyses of the politics of race black radicalism and democracy written during the civil rights Black Power era It remains a crucial and indispensable text in our contemporary efforts to understand the continuous legacy of social movements of the 1960s and 1970s Peniel Joseph author of *Waiting Til the Midnight Hour A Narrative History of Black Power in America* Huey P Newton's name and more importantly his history of resistance and struggle is little more than a mystery for many younger people The name of a third rate rapper is more familiar to the average Black youth and that's hardly surprising for the public school system is invested in ignorance and Huey P Newton was a rebel and more a Black Revolutionary who gave his best to the Black Freedom movement who inspired millions of others to stand Mumia Abu Jamal political prisoner and author of *Jailhouse Lawyers* Newton's ability to see theoretically beyond most individuals of his time is part of his genius The opportunity to recognize that genius and see its applicability to our own times is what is most significant about this new edition Robert Stanley Oden former Panther Professor of Government California State University Sacramento *Art to Die For* Laurence Cowley, 2013-06-30 This crime novel is centred around a mysterious and seemingly impenetrable haunting gothic mansion set in 300 acres of rugged and wind torn Cumbrian coastline A series of unexplained deaths lead the investigating team to believe that these are related to a large drug smuggling operation but as the investigation progresses it appears to lead to government conspiracy and a trade far more sinister [Diamonds to Die For](#) Jim Schneider, 2017-06-22 The husband and wife team of Emil and Leela Pulaski are drawn back into violence and intrigue once again when they are asked to investigate an unsolved murder of a local Coeur d'Alene Idaho writer The investigation leads to a diamond fencing operation and a neo Nazi organization and eventually to Geneva Switzerland where it comes to an
