Heart is a Christ centered curriculum for women in recovery for all types of eating disorders. It provides clear definitions of eating disorders and explores the physical damage they cause, their protective denial systems, their root causes and their cognitive processes. It also explores emotional, relational and spiritual damage caused by eating disorders and provides practical tools for overcoming them. The curriculum could be used in support groups or in one on one therapy sessions. Even those who struggle with disordered eating patterns and body image problems would also benefit from studying this material. This curriculum will help eating disorder survivors grow in their relationship with God and with others as they courageously face fears concerning food, relationships, life and body image. It'll help remove the shame of having eating disorders as women learn to depend on God for healing in this area of their lives. *Growing a Courageous Heart* is packed with incredible material to assist those suffering with disordered eating. Wendy addresses the physical, emotional, cognitive and spiritual struggles that people face daily. While *Growing a Courageous Heart* is user friendly, it addresses the deeper complexities unique to eating disorders. Many of my clients have successfully worked through the book, some individually and others in a group setting. I highly recommend Wendy's book for those needing help to overcome disordered eating patterns. Nancy Keller, MFT. Wendy Mahill has created another great tool for healing. Just like *Growing A Passionate Heart* for sexual abuse, *Growing A Courageous Heart* for eating disorders is thorough, grace filled and a giant step on the road to healing and living free.
