Creators Rod Serling, Dan Curtis, William Castle, Quinn Martin, John Newland, George Romero, Stephen King, David Lynch, Wes Craven, Sam Raimi, Aaron Spelling, and others have toiled to bring the horror genre to American living rooms for years. This large scale reference book documents an entire genre from the dawn of modern horror television with the watershed Serling anthology *Night Gallery* 1970, a show lensed in color and featuring more graphic makeup and violence than ever before seen on the tube, through more than 30 programs including those of the 1998-1999 season. Complete histories, critical reception, episode guides, cast crew, and guest star information, as well as series reviews, are included along with footnotes, a lengthy bibliography, and an in depth index. From Kolchak: The Night Stalker to *Millennium*, from *The Evil Touch* to *Buffy the Vampire Slayer* and *Twin Peaks*, *Terror Television* is a detailed reference guide to three decades of frightening television programs, both memorable and obscure      **Religious Scandals** Judith M. Buddenbaum, 2009-09-03 This volume looks at headline grabbing scandals involving American religious figures from the 19th century to the present, showing how the media and society in general reacted to these controversies. *Religious Scandals* brings together real life controversies involving men and women of faith from the media frenzy over the 1811 New York blasphemy case of *People v. Ruggles*, that shaped American law for well over 100 years, to the 2008 government raid on the fundamentalist Mormon *Yearning for Zion* community in Texas. *Religious Scandals* focuses on two types of subjects: religious figures whose lapses put them at the center of scandals involving sex, money, or crime; and those who scandalized their fellow citizens by acting out according to their own religious beliefs. Together, these stories, some familiar, some little known, offer a fascinating portrait of American religious culture, as well as insights into the role of the media in religious scandals, constitutional protections of religious freedom, and the overriding issue of public curiosity versus individual privacy.

**Feminist Identities and Popular Mediations of Wiccan Rhetoric** Vikki Godwin, 2004      **Recent Releases** Geert Hallbäck, Annika Hvithamar, 2008 The relationship between theology and film has always been a complicated one. When film was invented at the end of the nineteenth century, it quickly gained its place in popular culture, far from the orthodoxies of the scholarly world and of the Church. For the better part of the twentieth century, popular cinema was considered off limits for serious studies of Bible and culture. Recently, however, there has been a growing understanding of how the Bible is being used in popular culture, not as a historical document or as an authoritative canon, but as part of the cultural intertext. Cinema is a vivid example of the role and impact of the Bible in contemporary society. In this well theorized collection of essays, the issue is treated from several angles. Using the methodology of theology, the question of the alleged escapism of popular cinema is explored. Using the methodology of media studies, the impact of the media on religious communication is analysed. And using the methodology of religious studies, the influence of the cinema in the creation of new religions, religious

behaviour and religious institutions is investigated In addition the book offers fruitful analyses of the cinematic use of biblical themes such as Eden salvation Mary Magdalene and Jesus as well as of the cinematic application of ethical themes such as truth telling personal growth suffering the accomplishment of good and the creating of meaning for human beings
