Son Of Tecun Uman:

Son of Tecún Umán Ignacio Bizarro Ujpán, James D. Sexton, 1981 Children of the Crisis Annika Lems, Kathrin Oester, Sabine Strasser, 2021-09-30 Every year thousands of young people on the run from war and persecution or escaping poverty and chronic instability make their way to Europe without their parents Embarking on long and often dangerous journeys they have either become separated from their families on the way or set out on their own In recent years the number of unaccompanied minors arriving in Europe has risen drastically It has led to a major shift in perception in European countries initiating a wealth of policies and infrastructures targeted specifically at unaccompanied child refugees This book investigates the emergence of the unaccompanied child refugee as a crisis figure It shows how the sense of exceptionality attached to this figure translates into ambiguous and at times extremely contradictory social practices that have far reaching effects on the lives of refugee youth By bringing together ethnographically driven research on unaccompanied minors in some of the core arrival and transit countries in or into Europe it shows the divergent ways ideas on childhood deservingness and vulnerability are interpreted lived and grappled with on the ground By laying the focus on young people s own experiences and perspectives it establishes a deeper understanding of the ways unaccompanied asylum seekers live and make sense of shifting social terrains The chapters in this book were originally published as a special issue of the Journal of Ethnic and Migration Studies **New Vistas in Grammar** Linda R. Waugh, Stephen Rudy, 1991-01-01 The papers in this volume reflect the renewed interest in the semantics of grammatical categories and the issues of invariance and variation in grammar In particular this collection presents the current understanding of invariance of grammar with respect to the synchronic and diachronic analyses of specific languages and as realized in work on typology and universals The book is divided into five sections The Question of Invariance Invariance and Grammatical Categories Grammar and Discourse Grammar and Pragmatics Typology and Universals **Guatemala's Forgotten Children** Lee Tucker, 1997 Abuses by private security forces *Explorations in Sights and Sounds* ,1987 Tekum Umam Irma Oztzy, 1999 *National, State, and Regime Identity in Latvia* Aivars Tabuns, 2001 The Reader's Adviser Fred Kaplan, Paula T.
