

## Chapter 3: Sonata Form

- ☉ One of, if not *the*, most common Classical forms
  - Form continues up to, and including, the 20<sup>th</sup> Century
- ☉ Also called *sonata-allegro* form
  - *Sonata form* refers to a single movement
  - A *Sonata* is an entire multi-movement work
- ☉ Opening movements frequently use sonata form
  - Common in symphony, sonata, and string quartet
- ☉ This form also common in 2<sup>nd</sup> and 4<sup>th</sup> movements

## **Sonata Forms:**

*Sonata Forms* Charles Rosen, 1988 Nobody writes better about music again and again unerring insight into just the features that make the music special and fine The New York Review of Books *How Sonata Forms* Yoel Greenberg, 2022 How Sonata Forms proposes a new bottom up conceptualization of the history of the sonata as an aggregation of distinct elements found throughout the eighteenth century [Keys to the Drama](#) Professor Gordon Sly, 2013-01-28 Sonata form is fundamentally a dramatic structure that creates manipulates and ultimately satisfies expectation It engages its audience by inviting prediction association and interpretation That sonata form was the chief vehicle of dramatic instrumental music for nearly 200 years is due to the power the universality and the tonal and stylistic adaptability of its conception This book presents nine studies whose central focus is sonata form Their diversity attests both to the manifold analytical approaches to which the form responds and to the vast range of musical possibility within the form s exemplars At the same time common compositional issues analytical methods and overarching perspectives on the essential nature of the form weave their way through the volume Several of the essays approach the musical structure directly as drama casting the work as an expression of its composer s engagement with an idea or principle that is dynamic and at times intensely difficult Others concentrate their attention on a composer s use of motive which typically takes the form of a simple melodic span that shapes the musical architecture through an interdependent series of structural levels Integrating these motivic threads within the musical fabric often warrants departures from formal norms in other areas Analyses that seek to understand works with anomalous formal qualities whether engendered by a motivic component or not have a prominent place in the volume Among these accounts of idiosyncratic tonal discourse that threatens to undermine the unfolding of form defining qualities or events are central

**Elements of Sonata Theory** James Arnold Hepokoski, Warren Darcy, 2011 *Elements of Sonata Theory* is a comprehensive rethinking of the basic principles of sonata form in the decades around 1800 This foundational study outlines a new up to date paradigm for understanding the compositional choices found in the instrumental works of Haydn Mozart Beethoven sonatas chamber music symphonies overtures and concertos **Elements of Sonata Theory** James Hepokoski, Warren Darcy, 2006-08-31 *Elements of Sonata Theory* is a comprehensive richly detailed rethinking of the basic principles of sonata form in the decades around 1800 This foundational study draws upon the joint strengths of current music history and music theory to outline a new up to date paradigm for understanding the compositional choices found in the instrumental works of Haydn Mozart Beethoven and their contemporaries sonatas chamber music symphonies overtures and concertos In so doing it also lays out the indispensable groundwork for anyone wishing to confront the later adaptations and deformations of these basic structures in the nineteenth and earlier twentieth centuries Combining insightful music analysis contemporary genre theory and provocative hermeneutic turns the book brims over with original ideas bold and fresh ways of awakening the potential meanings within a familiar musical repertory *Sonata Theory* grasps individual compositions and

each of the individual moments within them as creative dialogues with an implicit conceptual background of flexible ever changing historical norms and patterns These norms may be recreated as constellations compositional defaults any of which however may be stretched strained or overridden altogether for individualized structural or expressive purposes This book maps out the terrain of that conceptual background against which what actually happens or does not happen in any given piece may be assessed and measured The Elements guides the reader through the standard and less than standard formatting possibilities within each compositional space in sonata form while also emphasizing the fundamental role played by processes of large scale circularity or rotation in the crucially important ordering of musical modules over an entire movement The book also illuminates new ways of understanding codas and introductions of confronting the generating processes of minor mode sonatas and of grasping the arcs of multimovement cycles as wholes Its final chapters provide individual studies of alternative sonata types including binary sonata structures sonata rondos and the first movement form of Mozart s concertos
