| ITEM NO. | TASK DESCRIPTION                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | MECH | INSP |
|----------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|------|
| 1.       | Check APU oil quantity on CDU. Service if "ADD" or "LOW" is displayed.<br>(Note: If "LOW" message displayed, it will also be accompanied by blue "MAINT" light.)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |      |      |
| 2.       | Check complement of spare filaments and fuses.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |      |      |
| 3.       | General visual inspection of the flight deck for security of panels, damage, serviceability and cleanliness.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |      |      |
| 4.       | Visually check cockpit windscreens and windows for cleanliness and serviceability.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |      |      |
| 5.       | Check and service the A and B hydraulic system quantities from the MLG wheel well. If required fill until the reservoir quantity indicator reads approximately 2/3 between "RFL" (Refill) and "F" (Full).<br><b>Do not fill all the way to "F"</b> (see AMM task 12-12-00-610-801). Record quantities uplifted in Tech Log.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |      |      |
| 6.       | Operational check of standby power control unit. Airplane applicability note: Dual battery installation.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |      |      |
| 7.       | <p>(a) Check serviceability and security of therapeutic and portable oxygen bottles and portable fire extinguishers. Check therapeutic and portable oxygen bottles expiry dates and ensure sufficient life remaining until next 14-day service check.</p> <p><b>NOTE: LIFE OF PORTABLE OXYGEN BOTTLES IS 5 YEARS (1825 DAYS TOTAL) FROM DATE OF LAST HT TEST. THE DATE OF LAST HT TEST (or Date of Manufacture) IS IDENTIFIED ON THE BOTTLE NECK.</b></p> <p>(b) Check passenger seats and seat belts for obvious defects and cleanliness also ensure life jackets are in stowage (including children's and spares).</p> <p>(c) Check over-wing emergency exits are secure.</p> <p>(d) Check passenger service units for condition and security.</p> <p>(e) General visual inspection of the upper wing surfaces from cabin window.</p> |      |      |
| 8.       | Check flight deck and cabin interior lights for operation, condition and security. Check passenger "Fasten seat belts" and "No smoking" signs for proper lighting.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |      |      |
| 9.       | Confirm correct quantity and condition of infant life jackets or that valise is sealed.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |      |      |
| 10.      | Check all galley and toilet faucets for operation and adequate flow. Check galley and toilet washbasin drain plugs are clear. Check ice drawer in galley for cleanliness and clean if necessary.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |      |      |
| 11.      | Check all exterior, navigation and wing/body anti-collision lights for operation, condition and security.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |      |      |

B737 Service Guide: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
