

Introduction

These findings are consistent with previous studies showing the presence of a positive feedback loop. The results of this study are consistent with previous studies showing the presence of a positive feedback loop. The results of this study are consistent with previous studies showing the presence of a positive feedback loop.

11. *What is the primary purpose of the following sentence?*

These guidelines were developed by the National Research Council. Other guidelines are available, including the one developed by the International Society for Traumatic Stress Studies.

the first time in the history of the country, the people of the United States have been compelled to pay a heavy price for the privilege of electing their own President. The result of the election is a clear-cut victory for the Democratic party, and the election of Mr. Wilson as President. The election of Mr. Wilson is a victory for the people of the United States, and a victory for the cause of democracy.
