Suicide Notes Antoon A. Leenaars, 1988 **The Comparison of Genuine and Simulated Suicide Notes** Stephen T. Black, 1989 **Comprehensive Textbook of Suicidology** Alan Lee Berman, Morton M. Silverman, Bruce Michael Bongar, 2000-08-10 Multidisciplinary and comprehensive in scope this volume serves as an authoritative overview of scientific knowledge about suicide and its prevention providing a foundation in theory research and clinical applications Issues relevant to clinical case management are highlighted and various treatment modalities are discussed in light of the latest research findings **Discursive Constructions of the Suicidal Process** Dariusz Galasinski, Justyna Ziolkowska, 2020-07-09 What is suicide When does suicide start and when does it end Who is involved Examining narratives of suicide through a discourse analytic framework Discursive Constructions of the Suicidal Process demonstrates how linguistic theories and methodologies can help answer these questions and cast light upon what suicide involves and means both for those who commit an act and their loved ones Engaging in close analysis of suicide letters written before the act and post hoc narratives from after the event this book is the first qualitative study to view suicide not as a single event outside time but as a time extended process Exploring how suicide is experienced and narrated from two temporal perspectives Dariusz Galasinski and Justyna Ziolkowska introduce discourse analysis to the field of suicidology Arguing that studying suicide narratives and the reality they represent can add significantly to our understanding of the process and in particular its experiences and meanings Discursive Constructions of the Suicidal Process demonstrates the value of discourse analytic insights in informing enriching and contextualising our knowledge of suicide Psychotherapy with Suicidal People Antoon A. Leenaars, 2004-05-14 Almost a million people die by suicide every year WHO estimate The sheer numbers have made suicide prevention a major health target but effective prevention is not straightforward Suicide is a complex event more complex than most of us imagine calling for an equally complex response Psychotherapy with Suicidal People provides a multi component approach with rich clinical data including many case histories to guide the reader Based on decades of research from across the globe Antoon A Leenaars takes the reader into the mind of the suicidal person from the young to the elderly from the anonymous to the famous There is no better way to know and thus to treat a person A plethora of special features makes this volume an international classic and includes Reflections of many suicidologists such as Heraclitus Plato Sigmund Freud Emile Durkheim and Edwin Shneidman A unique window on the clinical mind of the author Empirically supported definition with applications across age gender historical time as well as culture The report of the International Working Group on Ethical and Legal Issues in Suicidology Psychotherapy with Suicidal People A Person centred Approach is essential reading for clinical psychologists psychiatrists and their trainees and all clinicians who work with suicidal people **Night Falls Fast** Kay Redfield Jamison, 2011-01-12 Critical reading for parents educators and anyone wanting to understand the tragic epidemic of suicide a powerful book that will change people s lives and doubtless save a few Newsday

The first major book in a quarter century on suicide and its terrible pull on the young in particular Night Falls Fast is tragically timely suicide has become one of the most common killers of Americans between the ages of fifteen and forty five From the author of the best selling memoir An Unquiet Mind and an internationally acknowledged authority on depression Dr Jamison has also known suicide firsthand after years of struggling with manic depression she tried at age twenty eight to kill herself Weaving together a historical and scientific exploration of the subject with personal essays on individual suicides she brings not only her remarkable compassion and literary skill but also all of her knowledge and research to bear on this devastating problem This is a book that helps us to understand the suicidal mind to recognize and come to the aid of those at risk and to comprehend the profound effects on those left behind *In Pursuit of Wissenschaft* Stephan Heilen,2008

Crisis ,1991 *Extraordinary Behavior* Dennis L. Peck,Norman A.
