## **Snow Chasers:**

**Snow Chasers** Charlotte Reid, 2005-02-17 Snow Chasers is a spiritual fiction set in a future time for children ages 9 and up Two young teens Ekio and Chi ko from a post glacial period are chosen to save the sacred words and objects of their faith left long ago by the Ancient Ones They must leave their village Riza near the great snow rivers and travel south towards the land of the Ancients Spirit Ekio and Chi ko endure glaciers deserts floods abduction and much more with the help of their Spirit faith hope and prayer This book is filled with the wonders miracles and affirmation of seeking the wisdom love and understanding of the Christian faith **Ski** ,1985-04 *Skiing in New Jersey?* Elizabeth Holste, 2006-07-30 A history of New Jersey s ski hills from the early 1900s to the present Also a history of the sport of downhill skiing in the state Higher Living Holly Hester, 2022-03-31 I wrote this book after many people telling me throughout years of ministry that I should I have traveled to many places and I have found that people ask me the same question over and over Holly how do I truly live higher I decided to write this book to simply answer that question It is my sincere hope that after you read this book not only will you have the insight to do just that but you will know what it personally means to you to live in your higher life I hope this book helps you find your true calling and purpose directly given by the Lord As we dive into these books into each chapter I ask one thing only be open Be open to more Let me explain There are levels in each of us to live out our desire to live to a higher living The desire should be there to begin When the desire is there access is the way a higher level called the beyond then occurs for us This is where living higher begins Posture will change There is a certain level of insight purpose and access that is achieved when desire grows and posture changes There is a birthing It is not simply living only a mistake of thought so many make So here is the question again How The answer is not how It is desire posture and access to a higher way Let us start with desire The word desire is translated from the Greek word epithumia from epi meaning focused on Another use of this term is inordinate or excessively large It is my prayer that we have an inordinate desire to truly live higher and to focus on what this can mean for us in the same way it meant to me as I have written each chapter It is my strong desire that we focus right now When there is a lack of focus vision becomes very blurry I can recall having a blurred vision when others would ask me what living higher meant I can even recall a time when a picture was taken of me as a child with my eyes closed A relative later found this picture and asked me how I was able to sleep standing up while the camera caught my image I ask us all that my relative asked me How are we able to keep our eyes closed right now Let us have the strong inordinate desire to focus on the moment This desire to open our eyes will naturally pull the camera lens to us What happened Nothing We opened our eyes After desire comes to posture Picture posture is necessary when capturing a memory Are we willing to change our posture for the cameras in life It s interesting what happens after we open our eyes for the camera changes our position Finally we achieve access to see closer look at change more The camera gives access Access to function in life is far greater than desire or even posture believe it or not Haven t we all glanced at a picture that was taken

of us before Perhaps a picture that we take with others involved These three elements are the agents for higher territory a greater way A new ground and a new look from a different angle in each situation Our camera lens must focus **Ski** ,1959
