the illustrious throne of England Elizabeth Stuart was suddenly thrust from the poverty of unruly Scotland into the fairytale existence of a princess of great wealth and splendor When she was married at sixteen to a German count far below her rank it was with the understanding that her father would help her husband achieve the kingship of Bohemia The terrible betrayal of this commitment would ruin the Winter Queen as Elizabeth would forever be known imperil the lives of those she loved and launch a war that would last for thirty years Forced into exile the Winter Queen and her family found refuge in Holland where the glorious art and culture of the Dutch Golden Age indelibly shaped her daughters lives Her eldest Princess Elizabeth became a scholar who earned the respect and friendship of the philosopher Ren Descartes Louisa was a gifted painter whose engaging manner and appealing looks provoked heartache and scandal Beautiful Henrietta Maria would be the only sister to marry into royalty although at great cost But it was the youngest Sophia a heroine in the tradition of a Jane Austen novel whose ready wit and good natured common sense masked immense strength of character who fulfilled the promise of her great grandmother Mary and reshaped the British monarchy a legacy that endures to this day Brilliantly researched and captivatingly written filled with danger treachery and adventure but also love courage and humor Daughters of the Winter Queen follows the lives of five remarkable women who by refusing to surrender to adversity changed the course of history
