Manual of Provincial Information British Columbia. Bureau of Provincial Information, 1897      *Knitting and Crochet, an Illustrated Manual of Home Industry, Containing Plain Practical Directions for Making a Large Variety of Useful and Ornamental Articles, Fancy Stitches, Etc* , 1880      *Compiled from the Year Book of British Columbia and Manual of Provincial Information* , 1897      *Electric Railway Directory and Buyers' Manual* , 1908      *The Official Guide of the Railways and Steam Navigation Lines of the United States, Porto Rico, Canada, Mexico and Cuba* , 1882      **Moody's Industrial Manual** , 1927      **Ballantine's Manual of Corporation Law and Practice** Henry Winthrop Ballantine, 1930      **The Manufacturers Manual and Buyers Guide** , 1959      *"The" English Catalogue of Books* , 1890      **The English Catalogue of Books** Sampson Low, 1898 Volumes for 1898 1968 include a directory of publishers      Moody's Manual of Investments: American and Foreign , 1953      Fats in Food Products D. P. Moran, 2012-12-06 The properties of fats and the characteristics of some food products based on fats have been documented in several books Individual fats such as milkfat however have received less attention despite many successful initiatives to increase their utilization in food products Moreover the availability of data on the function of fats in the context of major manufactured food products has often been constrained by the general reluctance of manufacturers to disclose details of working practices In some areas such as yellow fat spreads the market has changed dramatically over the last decade or so by the introduction of a broad class of new products resulting from a trend among consumers in the developed world towards reduced fat consumption A review of this general area therefore now seems very timely In the preparation of this book we have been fortunate to have had the support of internationally recognised specialists with much relevant experience and achievement in their subject areas We believe that their contributions not only subscribe to the main aim of this book by providing useful insight into the functional properties of the major fats in foods but also offer information concerning recent and novel methods of processing these fats Opportunities for possible future developments are indicated throughout      **Iron Age** , 1898      **Manual of the Textile Industry of Canada** , 1961      **A Manual of Dental Anesthesia** William Harry Archer, 1952      **Quarterly Index of Additions to the Milwaukee Public Library** Milwaukee Public Library, 1896      **The lumberman's directory and reference book of the United States and Canada** R.
