**The Sound of Stevie Wonder** James E. Perone,2006-03-30 Since his professional debut in 1962 Stevie Wonder has recorded sixty four singles that have made the Billboard top 100 including ten that reached number one Wonder was one of the first Motown artists to have complete control over the writing arranging and recording of his songs and achieved that stature before he was 20 years old He has won 17 Grammy awards was elected to the Rock and Roll Hall of Fame in 1989 and earned the Grammy s Lifetime Achievement Award in 1996 Equally important his work as a producer arranger and instrumentalist on other artists recordings has put him in the highest rank of musical collaborators This is the first work of criticism on this important documentarian of American life as well as the introductory volume in The Praeger Singer Songwriter Collection Through a combination of biography and critical analysis James Perone s groundbreaking new book reveals the many ways in which Stevie Wonder s body of work emerged developed reflected its time and influenced myriad other artists After revealing the social cultural and political context of Wonder s work the book provides detailed analysis of his compositions and recordings with a focus on both his well known songs and those known only to his hardcore fans The volume also contains discussions of cover versions of Wonder s compositions a discography of his recordings a song title index an annotated bibliography and a general index     **Chinese Entertainment** Kwok-Bun Chan,2014-06-11 Scholarly studies of Chinese culture history and society both within and outside of China generally pay little attention to leisure entertainment and amusement though it has long been known that this aspect of life gives a deep understanding of the psyche and soul and the hopes and fears of a person Leisure is a less coerced upon mandatory human

conduct than work certainly leisurely conduct is more voluntary expressive and creative But when seen as human behaviour leisure and entertainment cannot be separated from history heritage ethnicity the community family and kin rituals and customs thus a collective activity and its constraints on the person This book examines a variety of genre of Chinese entertainment from singing clubs Cantonese opera and film to Chinese rock and tourism Though formally voluntary Chinese entertainment when entangled with ethnicity heritage and history is ironically a site of both enjoyment and struggle both pleasure and suffering This book was originally published as a special issue of Visual Anthropology
