Ernest H. Shackleton,2011 South Sir Ernest Henry Shackleton,2002-12 In 1911 Roald Amundsen beat Robert Falcon Scott to the South Pole and Scott and his colleagues all died on the return journey Ernest Shackleton who had served with Scott on a previous expedition decided that crossing Antarctica from sea to sea was the last great unattempted journey on the continent

His Imperial Trans Antarctic Expedition of 1914-17 was a failure. But perhaps because it failed with Shackleton not only surviving but bringing his crew back alive the expedition became more famous than many of those adventurous voyages that succeeded. After reaching the Weddell Sea off the coast of the Antarctic Peninsula, Shackleton's ship the *Endurance* became trapped in pack ice and spent 1915 drifting northwards. The *Endurance* was eventually crushed by the ice and sank, leaving 28 men stranded on the ice. They spent months sheltering from the subzero temperatures as the pack ice continued to drift. Eventually, Shackleton accepted they could not rely on rescue and had to help themselves, so he led five men on an 800-mile voyage in an open boat to reach South Georgia from where he was able to mount a rescue of all of the men he had left behind on the ice. Every one of them survived, a remarkable tribute to his leadership, courage, and determination.

South is Shackleton's own account of the Imperial Trans Antarctic Expedition. It is a true story of courageous endurance, survival against the odds, and an undeterred sense of adventure. This special edition includes detailed maps so that the reader can see just how extraordinary Shackleton's achievement was.

Excerpt from *South: The Story of Shackleton's Last Expedition 1914-1917*

After the conquest of the South Pole by Amundsen, who by a narrow margin of days only was in advance of the British Expedition under Scott, there remained but one great main object of Antarctic journeyings: the crossing of the South Polar continent from sea to sea. When I returned from the *Nimrod* Expedition, on which we had to turn back from our attempt to plant the British flag on the South Pole, being beaten by stress of circumstances within ninety-seven miles of our goal, my mind turned to the crossing of the continent, for I was morally certain that either Amundsen or Scott would reach the Pole on our own route or a parallel one. After hearing of the Norwegian's success, I began to make preparations to start a last great journey, so that the first crossing of the last continent should be achieved by a British Expedition. We failed in this object, but the story of our attempt is the subject for the following pages, and I think that though failure in the actual accomplishment must be recorded, there are chapters in this book of high adventure, strenuous days, lonely nights, unique experiences, and above all, records of unflinching determination, supreme loyalty, and generous self-sacrifice on the part of my men, which even in these days that have witnessed the sacrifices of nations and regardlessness of self on the part of individuals, still will be of interest to readers who now turn gladly from the red horror of war and the strain of the last five years to read, perhaps with more understanding minds, the tale of the White Warfare of the South. The struggles, the disappointments, and the endurance of this small party of Britishers, hidden away for nearly two years in the fastnesses of the Polar ice, striving to carry out the ordained task and ignorant of the crisis through which the world was passing, make a story which is unique in the history of Antarctic exploration.
