Southern Mountain Republicans 1865 19:

A New South Rebellion Karin A. Shapiro, 2017-11-01 In 1891 thousands of Tennessee miners rose up against the use of convict labor by the state's coal companies eventually engulfing five mountain communities in a rebellion against government authority. Propelled by the insurgent sensibilities of Populism and Gilded Age unionism the miners initially sought to abolish the convict lease system through legal challenges and legislative lobbying. When nonviolent tactics failed to achieve reform the predominantly white miners repeatedly seized control of the stockades and expelled the mostly black convicts from the mining districts. Insurrection hastened the demise of convict leasing in Tennessee though at the cost of greatly weakening organized labor in the state's coal regions. Exhaustively researched and vividly written *A New South Rebellion* brings to life the hopes that rural southerners invested in industrialization and the political tensions that could result when their aspirations were not met. Karin Shapiro skillfully analyzes the place of convict labor in southern economic development the contested meanings of citizenship in late nineteenth century America the weaknesses of Populist era reform politics and the fluidity of race relations during the early years of Jim Crow.

Fighting for General Lee Sheridan R. Barringer, 2015-12-15 A remarkable biography of a Confederate brigadier general's experiences during and after the Civil War. Well written and deeply researched. Eric J. Wittenberg author of *Out Flew the Sabers*. Rufus Barringer fought on horseback through most of the Civil War with General Lee's Army of Northern Virginia and rose to lead the North Carolina Cavalry Brigade in some of the war's most difficult combats. This book details his entire history for the first time. Barringer raised a company early in the war and fought with the 1st North Carolina Cavalry from the Virginia peninsula through Second Manassas Sharpsburg Fredericksburg and Chancellorsville. He was severely wounded at Brandy Station and as a result missed the remainder of the Gettysburg Campaign returning to his regiment in mid October 1863. Within three months he was a lieutenant colonel and by June 1864 a brigadier general in command of the North Carolina Brigade which fought the rest of the war with Lee and was nearly destroyed during the retreat from Richmond in 1865. The captured Barringer met President Lincoln at City Point endured prison and after the war did everything he could to convince North Carolinians to accept Reconstruction and heal the wounds of war. Drawing upon a

wide array of newspapers diaries letters and previously unpublished family documents and photographs as well as other firsthand accounts this is an in depth colorful and balanced portrait of an overlooked Southern cavalry commander It is easy today to paint all who wore Confederate gray with a broad brush because they fought on the side to preserve slavery but this biography reveals a man who wielded the sword and then promptly sheathed it to follow a bolder vision proving to be a champion of newly freed slaves a Southern gentleman decades ahead of his time *The Heart of Confederate Appalachia* John C. Inscoe, Gordon B. McKinney, 2003-06-19 In the mountains of western North Carolina the Civil War was fought on different terms than those found throughout most of the South Though relatively minor strategically incursions by both Confederate and Union troops disrupted life and threatened the social stability of many communities Even more disruptive were the internal divisions among western Carolinians themselves Differing ideologies turned into opposing loyalties and the resulting strife proved as traumatic as anything imposed by outside armies As the mountains became hiding places for deserters draft dodgers fugitive slaves and escaped prisoners of war the conflict became a more localized and internalized guerrilla war less rational and more brutal mean spirited and personal and ultimately more demoralizing and destructive From the valleys of the French Broad and Catawba Rivers to the peaks of the Blue Ridge and Great Smoky Mountains the people of western North Carolina responded to the war in dramatically different ways Men and women masters and slaves planters and yeomen soldiers and civilians Confederates and Unionists bushwhackers and home guardsmen Democrats and Whigs all their stories are told here **Lincolmites and Rebels** Robert Tracy McKenzie, 2006-11-09 At the start of the Civil War Knoxville Tennessee with a population of just over 4 000 was considered a prosperous metropolis little reliant on slavery Although the surrounding countryside was predominantly Unionist in sympathy Knoxville itself was split down the middle with Union and Confederate supporters even holding simultaneous political rallies at opposite ends of the town s main street Following Tennessee s secession Knoxville soon became famous or infamous as a stronghold of stalwart Unionism thanks to the efforts of a small cadre who persisted in openly denouncing the Confederacy Throughout the course of the Civil War Knoxville endured military occupation for all but three days hosting Confederate troops during the first half of the conflict and Union forces throughout the remainder with the transition punctuated by an extended siege and bloody battle during which nearly forty thousand soldiers fought over the town In *Lincolmites and Rebels* Robert Tracy McKenzie tells the story of Civil War Knoxville a perpetually occupied bitterly divided Southern town where neighbor fought against neighbor Mining a treasure trove of manuscript collections and civil and military records McKenzie reveals the complex ways in which allegiance altered the daily routine of a town gripped in a civil war within the Civil War and explores the agonizing personal decisions that war made inescapable Following the course of events leading up to the war occupation by Confederate and then Union soldiers and the troubled peace that followed the war *Lincolmites and Rebels* details in microcosm the conflict and paints a complex portrait of a border state neither wholly North nor South Reconstructing Appalachia Andrew L.
