

The background of the book cover is a painting. In the foreground, a large bison is depicted in a dynamic, almost abstract style with warm, earthy tones of brown, orange, and red. Its body is elongated and curved, suggesting movement. In the background, a vast, hazy landscape stretches out under a pale sky. A herd of bison is visible in the distance, rendered in softer, more muted colors. The overall composition is horizontal, typical of a book cover.

The Southern Cheyennes

BY DONALD J. BERTHRONG

Southern Cheyennes The

Y Pai

Southern Cheyennes The:

The Southern Cheyennes Donald J. Berthrong, 1963 For almost fifty years George Bird Grinnell's great work *The Fighting Cheyennes* has stood unrevised and virtually unchallenged as the definitive account of the struggles of the Cheyenne Indians to preserve their way of life. Now Donald J. Berthrong has re-examined Grinnell's findings and searched historical records unavailable to or not used by Grinnell to verify or correct his conclusions. The result is this accurate, highly interesting account of the Cheyennes' life on the Great Plains: their system of government and religion and their relation to the fur and hide trade during their last years of freedom. After nearly two centuries of fighting other Indians and whites for their lands in the eighteenth century, the Cheyennes were forced to shift their range from the Minnesota River Valley to the Central and Southern Plains. From 1861 through 1875 they fought to maintain their free nomadic existence. There were bloody wars with territorial forces and federal troops and a few years of intermittent peace and retaliation, including the massacre at Sand Creek in 1864. Finally, after the intensive winter campaign of 1874-75, the fierce Southern Cheyennes were brought to bay by the U.S. Army and herded onto a reservation in western Indian Territory, now Oklahoma. Their turbulent, colorful history, related by Berthrong, will interest the general reader as well as the historian and anthropologist.

The Cheyenne in Plains Indian Trade Relations, 1795-1840 Joseph Jablow, 1994-01-01 In this illuminating book, the Plains Indians come to life as shrewd traders. The Cheyennes played a vital role in an intricate and expanding barter system that connected tribes with each other and with whites. Joseph Jablow follows the Cheyennes who, by the beginning of the nineteenth century, had migrated westward from their villages in present-day Minnesota into the heart of the Great Plains. Formerly horticulturists, they became nomadic hunters on horseback and gradually middlemen for the exchange of commodities between whites and Indian tribes. Jablow shows the effect that trading had on the lives of the Indians and outlines the tribal antagonisms that arose from the trading. He explains why the Cheyennes and the Kiowas, Comanches, and Prairie Apaches made peace among themselves in 1840. *The Cheyenne in Plains Indian Trade Relations* is a classic study of the manner in which an individual tribe reacted in terms of the trade situation to the changing forces of history.

The Cheyenne Mary Englar, 2003-09 Traces their customs, family life, history, and culture as well as relations with the U.S. government.

The Encyclopedia of North American Indian Wars, 1607-1890 Bloomsbury Publishing, 2011-09-19 This encyclopedia provides a broad, in-depth and multidisciplinary look at the causes and effects of warfare between whites and Native Americans encompassing nearly three centuries of history. The Battle of the Wabash, the U.S. Army's single worst defeat at the hands of Native American forces. The Battle of Wounded Knee, an unfortunate, unplanned event that resulted in the deaths of more than 150 Lakota Sioux men, women, and children. These and other engagements between white settlers and Native Americans were events of profound historical significance, resulting in social, political, and cultural changes for both ethnic populations, the lasting effects of which are clearly seen today. *The Encyclopedia of North American Indian Wars, 1607-1890: A Political, Social, and Military History*.

provides comprehensive coverage of almost 300 years of North American Indian Wars Beginning with the first Indian settler conflicts that arose in the early 1600s this three volume work covers all noteworthy battles between whites and Native Americans through the Battle of Wounded Knee in December 1890 The book provides detailed biographies of military social religious and political leaders and covers the social and cultural aspects of the Indian wars Also supplied are essays on every major tribe as well as all significant battles skirmishes and treaties

Cheyenne Warriors, New Fort Kearny, and the Coming Plains Wars, 1856 Catherine Nealy Judd, 2025-01-08 In this book Catherine Nealy Judd demonstrates the profound significance of a U S military siege rashly launched from Fort Kearny against a small war party of Northern Cheyenne This event occurred on the Platte River Road in August 1856 and triggered four Cheyenne reprisal counterattacks Drawing on history anthropology geography cultural studies military records governmental archives diaries letters and other primary sources Judd scrutinizes a tumultuous moment in the pre railroad expansionist era presenting her readers with a tale of struggle between Indigenous Americans and an increasingly aggressive federal military stationed at the forts of the Plains As Judd scrutinizes the causes conduct and consequences of this long neglected series of events her insights encourage us to reassess the trajectories of federal aggression and of an Indigenous response to that bellicosity By placing the Cheyenne Nation at the center of the history of the Overland Trail this study offers a long overdue reinterpretation of the Platte River Road in the 1850s and beyond

[A Native American Encyclopedia](#) Barry Pritzker, 2000 Dispelling myths answering questions and stimulating thoughtful avenues for further inquiry this highly absorbing reference provides a wealth of specific information about over 200 North American Indian groups in Canada and the United States Readers will easily access important historical and contemporary facts about everything from notable leaders and relations with non natives to customs dress dwellings weapons government and religion This book is at once exhaustive and captivating covering myriad aspects of a people spread across a continent Divided into ten geographic areas for easy reference this work illustrates each Native American group in careful detail Listed alphabetically starting with the tribal name translation origin and definition each entry includes significant facts about the group s location and population as well as impressive accounts of the group s history and culture Bringing entries up to date Barry Pritzker also presents current information on each group s government economy legal status and land holdings Whether interpreting the term tribe many traditional Native American groups were not tribes at all but more like extended families or describing how a Shoshone woman served as a guide on the Lewis and Clark expedition Pritzker always presents the material in a clear and lively manner In light of past and ongoing injustices and the momentum of Indian and Inuit self determination movements an understanding of Native American cultures as well as their contributions to contemporary society becomes increasingly important A magnificent resource this book liberally provides the essential information necessary to better grasp the history and cultures of North American Indians
