not too late to become a pupil in the Soviet chess school *Masterpieces and Dramas of the Soviet Championships* Sergey Voronkov,2021-12-05 The second part of Sergey Voronkov's three volume treatise continues from where Volume I left off. It covers the eleventh to fifteenth Soviet championships the 1941 match tournament for the title of Soviet Absolute Champion and the main events in the country's chess history between these tournaments. Themes include the downfall of Nikolai Krylenko the persecution and disappearance of Soviet chess players during the purges and the experience of chess players in World War Two. The atmosphere of the time is captured in contemporary accounts and memoirs of key players and cultural figures. We see Botvinnik and Keres established as leading challengers for Alekhine's throne with plans being made to arrange a title match. We encounter for the first time and witness the rise of great Soviet players such as Smyslov, Bronstein and Boleslavsky and enjoy the games of many other stars including Flohr, Lilienthal, Bondarevsky, Kotov and Tolush. This volume contains 84 games and fragments mostly annotated by the players themselves and their peers and subjected to recent computer analysis. It is illustrated with around 250 photos and cartoons from the period the main sources being Russian chess magazines and tournament bulletins. Volume I of *Masterpieces and Dramas of the Soviet Championships* was named the English Chess Federation's Book of the Year 2021. The jury stated The book reads like a novel. A most remarkable absorbing and entertaining chess history which fully lives up to its title. *Masterpieces and Dramas* on and off the board. A worthy winner of Book of the Year 2021 over strong competition

Soviet Literature ,1951 **Congressional Record**
United States. Congress,1978 *The KGB Plays Chess* Yuri Felshtinsky, Boris Gulko, Vladimir Popov, 2010-09-15 The KGB Plays Chess is a unique book. For the first time it opens to us some of the most secret pages of the history of chess. The battles about which you will read in this book are not between chess masters sitting at the chess board but between the powerful Soviet secret police known as the KGB on the one hand and several brave individuals on the other. Their names are famous in the chess world. Viktor Kortschnoi, Boris Spasski, Boris Gulko and Garry Kasparov became subjects of constant pressure, blackmail and persecution in the USSR. Their victories at the chess board were achieved despite this victimization. Unlike in other books this story has two perspectives. The victim and the persecutor, the hunted and the hunter, all describe in their own words the very same events. One side is represented by the famous Russian chess players Viktor Kortschnoi and Boris Gulko. For many years they fought against a powerful system and at the end they were triumphant. The Soviet Union collapsed and they got what they were fighting for their freedom. Former KGB Lieutenant Colonel Vladimir Popov who left Russia in 1996 and now lives in Canada was one of those who had worked all his life for the KGB and was responsible for the sport sector of the USSR. It is only now for the first time that he has decided to tell the reader his story of the KGB's involvement in Soviet Sports. This is his first book and it is not only full of sensations but it also dares to name names of secret KGB agents previously known only as famous chess masters, sportsmen or sport officials. Just a few short years ago a book like this would have been unimaginable. Read this book. It is not only about chess. It is about glorious victory of the great chess masters over

Kotov,2001 This book discusses the first Russian grandmasters and prominent masters such luminaries as Mikhail Chigorin Alexander Alekhine Mikhail Botvinnik Vasily Smyslov Paul Keres Alexander Kotov Boris Spassky Mikhail Tal Alexander Tolush and many others Also included is a section dedicated to the women players There are numerous chessboard diagrams and page upon page of annotated games and game fragments in the book Chess is a national game in Russia It is played by millions of men women and children Large scale tournaments are held regularly in factories offices and schools The Russian style of play is characterized by creative scope boldness and energy in attack plus tenacity and resourcefulness in defense It is founded on scientific methods of studying theory and training for competitions **Soviet Union** ,1987
