## **The Foundling The Story Of The New York Foundling Hospital:**

The Foundling Martin Gottlieb,2001 Through compelling black and white photography and informative engaging text this book chronicles the work of one of the nation s most remarkable social service institutions the New York Foundling Hospital As this book eloquently demonstrates the Foundling is an institution that from its very inception was committed to helping society s most vulnerable members children   **The New York Foundling Hospital** Carolee R. Inskeep,1995 New York Foundling Hospital was formed on 11 October 1869 by Mary Irene Fitzgibbon a member of the New York Sisters of Charity It manages more than forty programs for infants youths young parents and families and emphasizes home care   The Foundling Martin Gottlieb,2019 The story of The Foundling begins in the bustling New York City of the mid nineteenth century where a half million people mostly immigrant and poor struggled to turn their dreams of a better life into reality Some thirty thousand children roamed the streets of the city and accounted for most of the felony crimes Thousands more never lived long enough to experience such a dreadful existence they died of neglect disease malnourishment or abandonment Sister Mary Irene Fitzgibbon Sister Teresa Vincent McCrystal and two other Sisters of Charity responded to this urgent need With a gift of five dollars toward their work they opened one of the first foundling asylums in the United States on October 11 1869 That very evening a desperate mother left her baby on the steps of The Foundling s brownstone in Greenwich Village From those humble beginnings The Foundling has grown to become one of the largest organizations of its kind in the country providing services far beyond adoption and foster care This book was first published in 2001 and much of the content reflects the organization s work up until that date This new volume was created in 2019 in celebration of The Foundling s 150th anniversary and adds to the earlier publication a new chapter reflecting the expansive range of services it now provides to meet emerging twenty first century needs Today The Foundling s work in evidence based practices juvenile justice education behavioral health and programs for individuals with developmental disabilities defines the organization as a global leader on the most pressing and timely issues faced by members of the community The Foundling now includes over 2 700 men and women working in more than fifty programs serving thirty thousand children and families in the five boroughs of New York City surrounding suburbs and Puerto Rico They are continually breaking new ground challenging inspiring and leading in their field just as they have for the past 150 years   The Sun Won't Come Out Tomorrow Kristen Martin,2025-01-21 The real history of being an orphan in America is nothing like the myth and nothing like the American dream The orphan story has been mythologized Step one While a child is still too young to form distinct memories of them their parents die in an untimely fashion Step two Orphan acquires caretakers who amplify the world s cruelty Step three Orphan escapes and goes on an adventure encountering the world s vast possibilities The Sun Won t Come Out Tomorrow upends this Pairing powerful critiques of popular orphan narratives from Annie to the Boxcar Children to Party of Five journalist Kristen Martin explores the real history of orphanhood in the United States from the 1800s to the present Martin

reveals the mission of religious indoctrination that was at the core of the first orphanages the orphan trains that took parentless children out West often without a choice and the inherent classism and racism that still underlies the United States approach to child welfare Through a combination of in depth archival research memoir Martin herself lost both her parents when she was quite young and cultural analysis The Sun Won t Come out Tomorrow is a compellingly argued compassionate book that forces us to reconsider autonomy family and community Kristen Martin delivers a searing indictment of America s consistent inability to care for those who need it most
