Many tender ties Sylvia Van Kirk,1980    **Many Tender Ties** Sylvia Van Kirk,1983 Beginning with the founding of the Hudson's Bay Company in 1670 the fur trade dominated the development of the Canadian west Although detailed accounts of the fur trade era have appeared until recently the rich social history has been ignored In this book the fur trade is examined not simply as an economic activity but as a social and cultural complex that was to survive for nearly two centuries The author traces the development of a mutual dependency between Indian and European traders at the economic level that evolved into a significant cultural exchange as well Marriages of fur traders to Indian women created bonds that helped advance trade relations As a result of these many tender ties there emerged a unique society derived from both Indian and European culture    The Fur Trade and Western Canadian Society, 1670-1870 Frits Pannekoek,1987-01-01    The Fur
